

Powers EMERGENCY Sale

A Mighty Outclearing of FURNITURE of great Interest to Home-makers

Significant Facts To Be Remembered

Original prices quoted are those in force when these goods were purchased—many months ago—and are tremendously low as compared with 1920 spring prices. Even at the advanced prices there is a marked scarcity of desirable furniture. It will pay you handsomely to fill your furniture needs as far in advance as you can anticipate them, as there is no prospect of manufacturing conditions returning to normal. Lists printed in no instance represent entire stocks offered for sale. Scores of additional items from each department await your inspection. Good judgment dictates prompt action on your part, as it will be impossible to replace a single piece of these goods at anywhere near the sale prices.

As this announcement was prepared several days in advance, some of the items listed may be sold before the opening of the sale.

This sale is to relieve the extreme congestion in our warehouse and store, caused by the recent arrival of many carloads of merchandise which should have been here for our fall trade—creating an emergency which must be immediately met.

Every piece in this sale was bought in a regular way—for regular selling—positively not one item purchased for sale purposes.

Price reductions are an emergency measure for the quick disposal of this stock.

Emergency Sale RULES:

1. 30 and 60-Day Credit terms are the longest that can be granted on Emergency Sale merchandise.
2. Regular merchandise subject to usual Liberal Credit Terms.
3. Additional sales force.
4. Deliveries at our earliest convenience.
