## OFFER IS MADE FOR F. WALKER

### Greenville Team Seeks Beaver Fielder; Spranger Boosted By Detroit Scout.

AN offer to purchase outfielder Frank Walker of the Portland Beavers was received Saturday by Judge McCredie from the Greenville team of the South Atlantic league. It is hardly likely that the McCredie will sell Walker, as Manager Mac is endeavoring to arrange a trade which will bring a hard hitting left-handed fielder to Portland.

Frank Navin of the Detroit Tigers has offered the Beavers George Harper, who played with Detroit a couple of seasons ago, but as Harper is not a brainy fielder, it is not likely that Mac will consider him.

**SPRANGER IS PRAISED**  
Mac believes that if he can land a good left handed hitter for his outfield, his worries will be over—that is, as far as his outfield is concerned. Targart of the Columbus club of the American association is the player he wants, but Bill Clymer is turning a deaf ear to Mac's offer.

Another boost for Ray Spranger, the infielder secured from the Regina club of the Western Canada league was received at the local headquarters Saturday. Eddie Herr, the former Salt Lake manager and now an ivory hunter for Detroit, putting in a big boost for him.

Spranger was given a tryout by the Bees last spring, but as there was a demand for experienced infielders in Salt Lake, Herr was forced to release Spranger. Herr stated that Spranger is a good infielder, and will develop into a good hitter.

Pitcher Bell, who was signed for the Buckaroos a couple of seasons ago upon the recommendation of Paddy Siglin, has written Judge McCredie for another chance to break into the baseball.

There is a big strapping right hander, breaking into the Beaver fold, according to the judge.

Reduction of the Beaver squad will start within the next 10 days. At the present time there are about 40 players on the Beaver roster, and as but 25 will be taken south, the judge and Walter will sharpen their pruning knife on the rookies.

**Catcher Lapp Passes Away**  
Philadelphia, Feb. 7.—(L. N. S.)—John (Jack) W. Lapp, former catcher for the Athletics and Chicago White Sox baseball clubs, died suddenly of pneumonia at his home here today. He was 35 years old. He retired from baseball in 1916.

**Waverley to Reopen Greens Thursday**  
The Waverley Country club will reopen its permanent greens Thursday afternoon, according to an announcement made by I. L. Webster, assistant secretary of the club. The greens have been closed for the past several weeks.

## Carpentier in Net Others Shivering

Paris, Feb. 7.—(L. N. S.)—Georges Carpentier, heavyweight champion of Europe, has been caught in the French campaign for "more and better babies."

Edmond Desbonnet, editor of *Physical Culture*, has addressed an open letter to the pugilist urging him to hasten his marriage. "If in the future you become champion of the world, we shall applaud you sincerely, but we shall applaud you with even better heart on the day we see you married and the father of healthy infants," said M. Desbonnet. "France has need of plenty of sturdy infants at this time."

Scores of prominent bachelors are said to be shivering with embarrassment for fear that M. Desbonnet will write similar open letters addressed to them. The editor is making urgent appeals in every direction for the French people to unite in the campaign for the repopulation of the country.

## AMATEUR WRESTLING AND BOXING LEADERS ARE MARKING TIME

### Outlook for Resumption of Amateur Sport Not Rosy; Club Waiting for Others to Act.

RESUMPTION of boxing and wrestling in the ranks of the Pacific Northwest association is not going to be so rosy as was pictured by the delegates to the annual meeting of the association last fall, judging from the slowness of the clubs in announcing the dates of the smokers.

The wrestling championship awarded the Seattle Y. M. C. A. is scheduled to be staged during the latter part of this month, but as yet no word has been received from the Seattle "Y" officials regarding the meet.

Frank Harmer, chairman of the wrestling and boxing committee of the Multnomah club and Eddie O'Connell, instructor, announce that the "Winged M" grapplers are ready to enter the title competition. It is not likely that the Seattle "Y" will be in a position to pay the expenses of a full team, so the club may send its best men to the meet.

The boxing events were to be divided between the Multnomah club and the Victoria Island Athletic association, but to date no agreement has been reached regarding the division of contests. These events were tentatively scheduled to be held in March.

**Soccer Games Are Billed**  
The Peninsula and Waverley teams—leaders in the race for the championship of the Portland Soccer association—will meet this afternoon at 2 o'clock on the Columbia park field in one of the deciding games of the season. The Canadian Veterans and the Kerns eleven will play on the Franklin bowl at the same hour.

## TRIO OF PORTLAND BEAVER PLAYERS WHO DEMAND MORE COIN

# HOLDOUTS!

Here's just one half of the holdouts on the Beaver team this year. Manager Mac is worrying only about two of them, Wes Kingdon and Lew Blue. These two players are very promising and if they improve their 1919 standard this year will advance to the majors. Reading from the left, the players are "Lefty" Schroeder, pitcher; Wes Kingdon, shortstop, and Lew Blue, first baseman. The other holdouts are Jack Farmer, George Maisel and Pitcher Cunningham.

## Olympic Club to Hold Coast Boxing Bouts

A Pacific coast amateur boxing championship will be held by the Olympic club of San Francisco, April 7 and 8, according to word received by Manager Frank Harmer of the Multnomah club, boxing committee.

Whether the club will send its representatives south to this meet is a question. As yet no entry blanks have been received from the Southland. The Pacific association has given its sanction to the proposed meet, which will include events in all classes.

## Mrs. Grelle Winner in Open Paperchase of Local Hunt Club

In a close and exciting finish in the women's open paper chase at the Portland Hunt club Saturday afternoon Mrs. C. E. Grelle, riding Edgewood, carried off first honors, winning the Spalding Brothers trophy. Miss Ethel McElenny, riding Spider, was second and Miss Martia Babb was third on Chitra.

The course was over between three and three and one-half miles and was laid by Fred A. Martin and James Lemon. The day was ideal for riding and a large field of riders participated.

Following the chase, the riders participated in a jumping contest over the first permanent hurdle on the club infield. Mrs. James Nicol won the Charles F. Berh prize, being the first woman rider to clear the hurdle.

Following the events, tea was served in the club house. Mrs. Matt McDougall, Mrs. C. E. Grelle and Mrs. I. E. Froehlich acting as hostesses.

The stellar work of the Misses Kathleen Mealy and Leta Agee of the visitors prevented Reed from scoring. ## Five Umpires Signed By Coast President

President William H. McCarthy of the Coast league is slowly but surely mustering together enough umpires to "call 'em" this season.

To date the following have been signed: McGraw, formerly of Virginia league; Anderson, ex-Western league umpire; Holmes, formerly in American association.

Jimmy Toman and Billy Pyle, who served in the league last year, have been signed and Bill Guthrie is expected to attach his name to a contract soon. No contracts will be tendered Ed Finney, 'Red' Held or Ralph Frary, according to reports.

Eric Casey's status has not been decided by McCarthy.

## Peoria First Sacker Purchased by Spears

Billy Spears, manager of the Regina team of the Western Canada league, has purchased First Baseman Kelliber from the Joplin team of the Western league. Kelliber is a youngster who can hit the ball; and is a pretty nifty fielder. Last year, in the Three-I league, he hit 13 doubles, 10 triples and five homers, in 122 games.

Spears' club, with the exception of a shortstop and a third baseman, is complete. He is hopeful of securing help from Manager Walt McCredie of the Beavers.

## Jim Braden Set Up Field Goal Mark in Contest

The exact distance of Jim Braden's drive hits in the Yale-Harvard football game has been recorded officially as 45 yards, according to an announcement made here. Braden's remarkable long breaks all records for Yale-Harvard games and is one of the longest in the history of gridiron competition.

Braden is still suffering from the effects of the punishment he received in the championship games against Harvard and Princeton. Yesterday an operation was performed upon his nose, which was broken in the Tiger fight. He has had great difficulty in breathing and it was necessary to remove a small bone in his nose. He has not recovered completely from the shock of two cracked ribs.

While in Portland, M'Linn will look over the field for a man for the post as Pacific coast zone manager. He was much pleased with the shooting conditions in Los Angeles and San Francisco and predicts a banner season for the sport of kings on the coast.

## Down on the Corner

By GEORGE BERTZ

ancouver, Wash., from participating as an amateur. America will be minus one of its greatest shotgun experts in this year's Olympiad at Antwerp.

Troch won the right to compete against the shooters of other nations in the Olympic game, but the new ruling of the A. A. A. may result in his suspension as an amateur, it is said.

The extent of the association ruling, so far as it affects Troch, will be inquired into by local shooters next week when Stoney M'Linn, general manager of the association, visits Portland.

**HAS GREAT RECORD**  
The reason the ruling was adopted because of petty jealousy in the ranks of the eastern shooters, whom Troch has beaten in races for championship titles.

Van Vancouver shooter holds numerous national titles, as well as records. A recapitulation of his record since 1912 reveals that Troch shot at 23,700 registered targets in the past eight years and has shattered 28,514 of them, giving him a grand percentage of 5600. The 1919 season was his best, his percentage being 5762 on 6745 targets.

Since he began shooting Troch has steadily increased his average and has failed to better his previous year's record but once and that in 1916, when he dropped from 9624 to 9516.

**YEARLY PERCENTAGES**  
It would be a shame to have such a great shooter barred from the game.

Following is his record:

Year	Shot at	Broke	Pct.
1912	1,200	1,759	92.7
1913	2,000	2,862	93.2
1914	2,430	2,778	93.74
1915	2,040	1,975	96.84
1916	1,900	1,812	95.37
1917	4,000	4,150	96.25
1918	8,845	8,655	97.22
1919	6,745	6,584	97.6
Totals	23,700	23,544	99.00

## O. A. C. MADE STRIKE IN LANDING BUTLER

THE announcement at Corvallis that Mike H. Butler, former athletic trainer of the Chicago Athletic club, would be the manager of the Oregon Agricultural college athletes in the future was a 30-strike. Butler is an all-around man on athletics and in the future the Aggies can be counted upon to go into any competition with its representatives in the best possible physical condition.

Butler performed wonders with the Oregon and National teams during the last month of the football season. Not a single player of the entire squad was forced to call for time out during the hard game with the University of Oregon and the Oregon Agricultural college.

Mike brought the Chicago Athletic club team to the National track and field championships during the Lewis and Clark fair and was so impressed with the surroundings that he decided to make Portland his home.

He has always been a booster of clean athletics and his new assignment will be felt in no small way.
