

Starving While the World Looks On

HUNGER

KNOWS NO ARMISTICE

*Is It Nothing
to You,
All Ye Who
Pass By?*

Is it nothing to you?

You, who may have debated whether to eat another wheatcake or another egg this morning. You, whose only knowledge of hunger is the grumbling of an over-filled stomach returning to its normal shape.

Is it nothing to you that babies are starving—are shrinking like dried pods into bags of loose skin and sharp bones—that their poor, wasted little bodies and spirits are finding peace only in the grim arms of Death?

Is it nothing to you that mothers and fathers are gasping out their lives—their agony of body increased a thousand fold by their agony of mind—the bitter helplessness that comes only to a parent who must watch a loved one suffer and die without power to aid?

Is it nothing to you—this scourge of hunger that knows neither creed no race; this scourge under which 800,000 Armenians, Jews, Syrians, Greeks, Assyrians and Persians in the Near East are withering?

Is it nothing to You?

You are tired of giving you say. So are we—all of us are tired. But that's all, isn't it? We're tired, but no one of us is DESTITUTE, is HUNGRY or without home and clothing. In fact, we're not really tired—JUST BORED.

Do we dare to be tired or bored with 800,000 men, women and babies starving while the WORLD LOOKS ON. Can America, the creditor nation of the earth, stand idly by while the first Christian nation of the world is among those gasping out their lives in starvation, nakedness and filth?

This is not a drive. The American people do not need a "drive" to have pointed out to them the God-given privilege of the strong to succor the weak.

From February 10 to February 20 you will be offered the opportunity to contribute toward the relief of these horrible conditions in the Near East. When the solicitor calls GIVE AS YOUR CONSCIENCE DICTATES.

Send your generous contributions at once to the Near East Relief (Armenia-Syrian) Arthur W. Brookings, Treas.
