

Enormous Quantities of Goods Unpacked During the Past Week Give Greater Impetus to

Powers EMERGENCY Sale

A Mighty Outclearing of FURNITURE of great Interest to Home-makers

Belated shipments, accepted because of great price advantages, caused a congestion in the Powers store and warehouse. As an emergency measure to relieve this overcrowding, Powers' Great Emergency Sale offered most remarkable values in furniture.

Hundreds of Portland homes are now richer for the possession of new, high-grade furniture, secured at remarkable savings.

All week long we have been busy unpacking merchandise that the fast selling made room for—and tomorrow, starting the second week of the sale—will find assortments just as interesting as on the opening day.

PLEASE REMEMBER that our advertisements are prepared several days in advance of publication and some of the few-of-a-kind pieces advertised may have been sold before you have the opportunity to read of them.

The Furniture Shortage

The general public of today is well aware of the many shortages in various lines of merchandise—and of the invariable price increases that have resulted.

It is a fact that this condition exists in the furniture market—and that present market (or wholesale) prices are a great deal higher than prices we quote.

There are at present no indications that prices will be lower than they are today for some months.

Plainly, the wise thing to do is to buy now, fill immediate needs and arrange to buy the things now that you planned to buy later. You will be well repaid by the savings you will make.

EMERGENCY SALE RULES

1. Thirty and 60-day terms are the longest that can be granted on Emergency Sale merchandise.
2. Regular merchandise subject to usual Liberal Credit Terms.
3. Deliveries at our earliest convenience.
