

# Multnomah Club to Hold Annual Exhibition Saturday--Grammar League Enters 2nd Week

## SCHOOL LEAGUE STARTED

All Four Sections Report Good Games; West Side Schedule Is Changed.

BECAUSE of the limited number of diamonds available on the west side, L. D. Roberts, principal of the Chapman school and leader of section 4 of the Portland Grammar School Baseball League, has been forced to arrange a new schedule for his division. All contests scheduled to date under his direction have been played and there is but one section in the circuit which has not been played through.

It rained during the opening day and one or two of the contests were called off and have not been staged as yet. Director Roberts has decided that games will be played on four days of the week and in this manner the various grounds can be used on the west side without causing much conflict. The new schedule calls for Shattuck versus Ainsworth, Hosford versus Davis, Ladd versus Chapman for tomorrow; Couch and Atkinson, Failing and Holman for Tuesday, Davis and Ainsworth, Hosford and Ladd for Wednesday; Atkinson and Holman, Chapman and Shattuck, Failing and Couch for Thursday. On March 29, Holman meets Couch, Atkinson plays Davis, Chapman versus Hosford, March 30, Ainsworth versus Ladd, Shattuck versus Failing, March 31, Davis versus Chapman, April 1, Ladd versus Hosford, Couch versus Ainsworth, Failing versus Atkinson, Shattuck versus Hosford, April 5, Atkinson versus Ainsworth, Chapman versus Failing, Hosford versus Couch, April 6, Davis versus Ladd, Holman versus Shattuck, April 7, Failing versus Hosford, Chapman versus Ainsworth, April 8, Ladd versus Atkinson, Couch versus Shattuck, Davis versus Holman, April 12, Couch versus Ladd, Shattuck versus Atkinson, April 13, Holman versus Chapman, Ainsworth versus Hosford, April 15, Davis versus Shattuck, Ladd versus Failing.

Three teams are tied for the leadership of section 1 as a result of the first week's play--Kenton, Vernon and Shaver each having won two contests. Highland is next in line with victory for its only start. Kerns and Eliot each have won two matches in section 2 without a defeat being charged to either, while in the third division Arieta, Woodmere, Sellwood and Lentz each have two wins and no defeats.

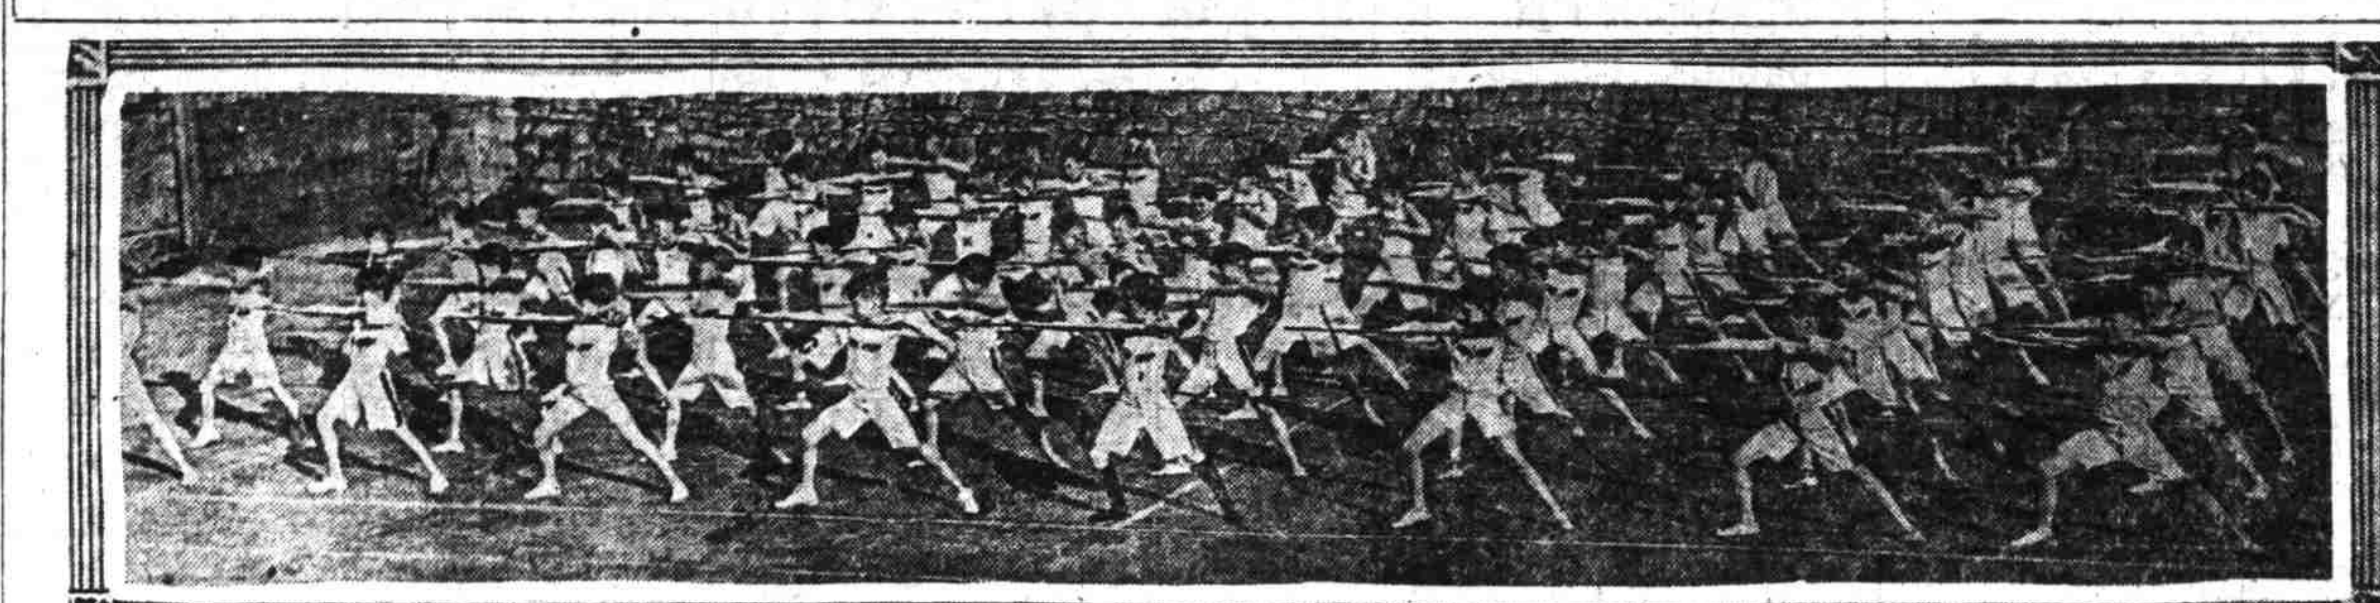

Section 4, comprised of west side teams with one exception, is led by Davis, Holman and Chapman, each with two wins.

There is one thing that the leaders of the four sections want impressed on the minds of the captains or managers

**WILLIE DONAHUE**, the Kerns grammar school pitcher, who souped his way through a no-hit, no-run league game Thursday.

## WINGED "M" CLASSES READY FOR EXHIBITION IN THE AUDITORIUM

of the various schools in their respective circuits, and that is to see to it that the score of each game is telephoned to the leader not later than 9 o'clock on the morning following the match. W. A. Dickson, in charge of section 1, can be reached at Oakley Green school; Mrs. A. E. Watson, in charge of section 2, is principal of Kerns; T. E. Spels, principal of Arieta, is looking after section 3, while L. D. Roberts, principal of Chapman, is handling section 4.

A notable feat of the first week's play was the no-hit, no-run game pitched by Willie Donahue, a left hander of Kerns. He worked like an "oldtimer" and never was in danger. He whiffed 15 of the Mount Tabor batsmen, and not a man reached first base.

The league is being run in great shape and every effort is being made to keep from postponing contests. The games of the preliminary round should be completed not later than April 15, so that the championship series between the winner and runner-up of each section can be run off in time to not interfere with the annual grammar school track meet on Multnomah field under the direction of Robert Krohn, director of physical education of the Portland public schools. This meet is slated for late in May.

**Chown Offers Prizes**  
F. R. Chown of the Chown Hardware company has thrown fresh zest into the fishing game by offering a series of prizes for salmon fishing sportsmen. For the first salmon caught on any sort of tackle a reel and line valued at \$13 will be given. A rod valued at \$10 is offered for the largest salmon caught before April 15, and one line and twelve assorted spoons, value \$5, for the next largest salmon caught before April 15. The only conditions attached to the prizes are that the fish be brought to the Chown Hardware and be displayed for at least one day in the window. Only one prize will be given a fisherman.

**Twenty Players to Go**  
New York, March 20.—(U. P.)—Twenty soccer players are to be sent to Belgium to represent America in the Olympic games by the United States football associations. It was announced here Tuesday.

**Trip to Games Expensive**  
Canadian athletic experts estimate it will cost over \$500 to send each athlete to Belgium and to conclude Olympic games, as against \$225 a man to go and return from the Stockholm review.

## HOOP PROSPECTS AT OREGON NEXT SEASON LOOK GOOD

Freshman Team for 1919-20 Did Well, Considering Difficulties Experienced.

UNIVERSITY OF OREGON, Eugene, March 20.—With the closing of the freshman basketball season last week, university sport followers are looking to the quiet as a source of available material for the varsity five next season. They are not disappointed this year, for the five has several members who will make strong bids for varsity berths despite the fact that five members of this year's varsity will be eligible for next season's first string.

**BURNETT AN ALL-STAR**  
Burnett was selected as all state interscholastic guard last year. He played a very close guarding game all season. Andre is clever on his feet, a capable passer and fast on the floor. With a season of varsity coaching he should prove a highly valuable man. Latham is a brother of Marc Latham, who made his letter at center on this year's varsity. He will give his brother good competition next year as he is much taller and more shifty. His height and skill in getting over the floor will make him a very strong contender for varsity honors next year. McAuliffe gained his varsity experience in the hoop game on the Columbia university high school team of Portland. He is an aggressive player, fast on the floor and has an accurate shooter he plays a good guard as a running guard. His teammate, Hugh Clarin, formerly of the Lincoln high school of Portland, is a chunky lad and, while not a good player, he plays a good guarding game.

**Collier Now With Bethlehem**  
Bob Collier, a famous right fullback of the Raith Rovers of Scotland, is reported to be among recent additions to the Bethlehem Steel company's soccer team. The efforts of the famous Steelworkers to retain their possession of the national championship emblems promise great soccer this spring.

**Collier Now With Bethlehem**  
Canadian athletic experts estimate it will cost over \$500 to send each athlete to Belgium and to conclude Olympic games, as against \$225 a man to go and return from the Stockholm review.

**Georges Is Due to Arrive on Sunday**  
New York, March 20.—(U. P.)—Georges Carpentier, the French boxer, is due to arrive here tomorrow. Latest reports from the La Savole of the French line, which is bringing Carpentier and his bride to New York, indicate that the steamship will arrive on scheduled time.

**New Features Are Added**  
The summer physical training course to be promoted by the Springfield Y. M. C. A. beginning June 25 and concluding July 30 will have as new features boxing, wrestling, swimming, scouting, field science, camp craft and courses in group work with boys in addition to the regular instruction by famous directors.

## RECRUIT - CROP NOT VERY GOOD THESE DAYS, SAYS SCOUT

Larry Sutton Bemoans Scarcity of Youngsters to Replace Aging Stars.

NEW YORK, March 20.—(U. P.)—The scarcity of young ballplayers who may be depended on to take the places of many fast-fading stars is one of the most serious problems confronting major league club owners today, according to Larry Sutton, veteran Brooklyn scout.

"Talented youngsters were never more scarce than they are this year," said Sutton today, "and there is no indication that the 1920 crop will develop many of exceptional value."

"The discovery of a 'phenom' or two may be expected, but this type of player seldom lives up to expectations. Young players who have lots of natural ability, however, are few and far between. They are simply not being developed any more."

**Music Between Bouts in Siberia**  
New York, March 20.—The Siberian winter has not been a promoter of athletics among the remnants of the A. E. F. awaiting shipment home. At the K. C. club and gymnasium in Vladivostok, K. of C. Commissioner William F. Fox of Indianapolis found that the men lacked something of native American pep in their foreign environment—they weren't as eager to indulge in contact sports like wrestling and boxing during the winter months as they were in summer.

According to his letter to Overseas Director William P. Larkin of New York, Fox solved the problem by introducing a Russian jazz band as an attraction in the gymnasium. Between rounds of boxing and between wrestling bouts the Russians commit breezy jazz after the best American fashion, with a few explosive Bolshevik bars thrown in—such the result that the boys are energized and the bouts are snappy from start to finish.

## ALBANY COLLEGE TAKES TO TRACK

Albany, March 20.—A wealth of promising material for the track team is in view at Albany college this season. Last year's track captain, Harold Irvine, is back and has begun assembling the various candidates for early training. Canoles, one of last year's sprinters, will be on hand in the speed events, and with Captain Irvine and Canoles, a new man, this department should be well taken care of. Dave Martin, Paul Goodwin and Lester Wilcox have all announced their intentions of coming out for the weight events. "Bill" Knauft, who won the mile at the interscholastic meet last year for the Lebanon high school, will be depended upon for this event.

Club swinging and electric torch swinging under the direction of Mrs. L. Centro will be put on by a picked squad of junior girls and members of the Women's Annex, while the second section junior girls are to give a dumbbell drill. An Oriental wedding featuring S. Noles, accompanied by second section junior girls, is expected to be one of the big hits of the evening.

Owen T. Carr, who holds several National amateur weight lifting records, with W. LaSaur and others assisting, will show how easy it is to juggle anything weighing 200 pounds and more. Carr represented the Winged "M" institution at the Panama-Pacific International Exposition championships at San Francisco in 1915 and made some notable lifts. Since his honorable discharge from the United States marines he has been getting back into his old time form.

## Baseball Booming Around Pendleton

Pendleton, March 20.—Baseball is bidding strongly to come back in Umatilla county and strong teams are being organized at Echo, Pilot Rock, Helix and Rieth, the O-W, R. & N. division point near here. The American Legion expects to place a team in the field here. There was talk of a league of legion teams, but as there are only four posts in the county this probably will not be undertaken. Among local legion men expected to bid for positions are Sid Williams, former Harriman pitcher; Ed Olson, O. A. C. infielder; Earl Williams, former shortstop for the Oregon law school, and Gunnar Peterson, third baseman with the Beavers.

**Map Shows Where to Fish**  
Aberdeen, Wash., March 20.—Members of the Grays Harbor Rod and Gun club have ordered a map showing the streams, roads and trails in Grays Harbor county and will be used by members and visiting sportsmen as a guide to well stocked hunting territory and prolific fishing streams. Streams which need stocking and hunting grounds which require game will be marked and replenished.

## CLUBMEN WAITING TO SHOW

Multnomah Club Exhibition in The Auditorium Saturday Promises Big Things.

THE annual exhibition of the gymnasium classes of the Multnomah Amateur Athletic Club is set for next Saturday night in the Auditorium and Professor O. C. Mauthe, director of physical education at the Winged "M" institution, has arranged a program with 18 numbers.

The classes have been rehearsing for the event for the last six weeks. The entry Saturday night will feature every class to take part in the exhibition and more than 350 men, women, boys and girls will be on the stage. The first section junior boys will take the stage for themselves in their wand drill and they are ready to show their skill and training.

The triple horizontal bar performance has men who are "old-timers" at the game, all of whom have been with the "sawdust ring" several years ago. They will give a demonstration which should equal any performance seen on a vaudeville stage.

Club swinging and electric torch swinging under the direction of Mrs. L. Centro will be put on by a picked squad of junior girls and members of the Women's Annex, while the second section junior girls are to give a dumbbell drill. An Oriental wedding featuring S. Noles, accompanied by second section junior girls, is expected to be one of the big hits of the evening.

## Burglars Steal Books of Wilde's Favorite Author

Jersey City, N. J., March 20.—(U. P.)—Jimmy Wilde, world's flyweight champion, was robbed of one of his most valuable possessions. While he was away, burglars entered his house here and left with a volume of works by the champion's favorite author—the sporting editors. The volume contained clippings of all the engagements he has taken part in during his career.

special edition for the occasion. Pictures of the various classes which will take part, as well as chairmen of the various committees, will be some of the features. Lair H. Gregory, editor, has had his staff working overtime getting everything in shape.

The first number on the program at The Auditorium will be started at 8 o'clock. Following is the complete program as arranged by Professor Mauthe:

1. Entry, all classes.
2. Wand drill, first section junior boys.
