

IRRIGATION PLANS OF WARM SPRINGS NEAR COMPLETION

Salem, April 13.—Rapid progress is being made in the completion of the Warm Springs Irrigation project in Malheur county, according to Percy A. Cupper, state engineer, and Will H. Bennett, state superintendent of banks, who returned Monday from Eastern Oregon, where they have been inspecting irrigation and drainage districts as members of the state irrigation securities commission.

Water will be turned into the ditches this week, and only a few finishing touches remain to complete the entire project. An additional \$200,000 in bonds was certified by the board Monday afternoon upon the return of the two members, this amount, it was said, being sufficient to complete the project. The Kingsman colony drainage district in Malheur county was also inspected, as were the Sparta, Durkee and Bridgeport irrigation districts in Baker county.

State Engineer Cupper inspected the proposed municipal water system at North Powder and the proposed extension of the municipal water supply system at Enterprise, both of which have been turned over to the state engineer's office by the state board of health for approval.

A total of \$147,586.72 was paid out by the state industrial commission to injured workmen and their dependents during the month of March, according to the monthly statement of the commission. Total disbursements for the month aggregated \$145,766.51, of which \$17,921.61 was administrative expense. Receipts of the department for the month totaled \$267,775.02. An unassigned surplus of \$832,619.89 is shown in the report.

A total of 1621 accidents were reported to the commission during the month, of which seven were fatal.

Present improvements to the state memorial building at Champoux will be left to the judgment of Peter D'Arcy of Portland, prominent Oregon pioneer. This course was adopted by the state board of control Monday after a visit to the historic spot in company with Hines and D'Arcy. An appropriation of \$5000 was made by the state legislature of 1919 for the improvement of the memorial building. Up to the present time, however, no action has been taken by the board. It is planned to use some \$2000 at this time in repainting the building and adding certain necessary conveniences.

Leslie Butler, Head Of Hood River Bank, Succeeded by Son

Hood River, April 13.—Closing 20 years as president of the Butler Banking company of this city, Leslie Butler has resigned and has been succeeded by his son, Truman Butler, who helped organize the bank April 4, 1920. The elder Butler will retain the chairmanship of the board of directors. The younger Butler has been active head of the bank for several years.

The retiring banker will devote his time to philanthropic activities. He is vice president of the state hygiene and anti-tuberculosis organizations and a member of the Y. M. C. A. executive committee for Oregon and Idaho. He is also chairman of a committee named to investigate children's homes of the state and recommend measures for coordination of their work. He is 72 years old. A gold watch was presented by the directors of the bank at the anniversary celebration.

Baker Bans Jitney Dances; Aimed at Transient Musicians

Baker, April 13.—Jitney dances in Baker were doomed Monday by the city commission, which passed an ordinance prohibiting the practice of collecting fees for each dance at public affairs given by private enterprises. The ordinance was aimed principally at transient orchestras which, it was charged, have been fleeing pleasure seekers by crowding too many dances into the evening in order to augment their profits.

Train service on the Sumpter Valley railway between Baker and Prairie City was interrupted Saturday by a landslide that covered the tracks near Austin. Passengers were transferred.

Mrs. May Drake, formerly Miss May Hollman of Baker, is dead at Boise, according to word received here. B. P. Barnard, Grant county pioneer, who left two months ago for Phoenix, Ariz., for his health, is also reported dead.

Funds to finance the appearance of the Baker Concert band at the Shrine convention in Portland next June will be raised at a benefit dance.

Three Injured When Car Goes Over Bank

The Dalles, April 13.—Three persons were seriously injured Sunday when an automobile, driven by Dr. A. P. Ingram, went over a steep bank five miles east of here. Dr. Ingram suffered seven broken ribs and Mrs. Ingram received two fractures of the legs. Dr. D. T. Brown, who was also in the car, received a compound fracture of the right ankle when he was thrown from the machine, which turned over three times, landing upside down in the bottom of the canyon. Mrs. Brown escaped with minor scratches, as did two children, Alton Ingram and Elizabeth Brown.

New Legion Post Is Organized at Wamic

Wamic, April 13.—A local post of the American Legion has been organized with the following officers: W. P. Blanchard, commander; Chester Brittain, adjutant; Carl Pratt, secretary-treasurer; Don Miller, chaplain. The local post takes in all of the Wapinitia country, including Juniper Flat, Tygh valley and Wamic.
