who are making fortunes and are un-

The "Beta" spiders spin as much as 15 to 20 feet a day. A special diet of appointment to a captaincy in the coast flies is served them on the spider farms, the ration being one ly per spider daily. The process of transforming the webs into silk, which was commonly done at the courts of the kings of France, is comparatively simple. After a good-sized web is spun, it is carefully removed and bathed in certain chemicals, See World Beyond blouses and even lingerie and stockings whereafter it is respur. Hair nets, of wonderfully fine texture are then produced.
