

PRISON SENTENCE OF TWO YEARS IS GIVEN BIGAMIST

John M. McCleery, at various times in trouble with the criminal laws of Oregon, will again become familiar with the interior of the state penitentiary. He was sentenced by Circuit Judge McCourt, Monday, to two years in prison for bigamy. The court told McCleery, who is only 26, that the only way society can protect itself against him is to place him in prison.

he married Ida Bogue, and to them two children were born. There is one child of 2 years and a baby 4 months old. He then deserted his wife and was arrested for non-support and sentenced to one year's imprisonment, but was paroled. It was while he was out on this parole that he married Bernice Tolly, early last May. The fact that at the time of the wedding ceremony when he gave the name of "J. M. Miary," he stumbled over his pronunciation, caused the minister later to become suspicious. He hunted up the father of the girl and told him of the wedding. The father, Frank Tolly, of 419 Webster street, took his daughter home and warned the young man to keep off the premises. Then followed the indictment for bigamy and the culmination Monday of the penitentiary sentence of two years. The mother of McCleery was a witness at the second wedding, and she was before the grand jury later on a charge of perjury, since she had signed the marriage records as a witness that there was no legal impediment to the marriage. The grand jury, however, failed to return an indictment against her.

FERRARA AND BEATY ARE SUE BY LINNTON COBBLER Jim Mattio, a cobbler of Linnton, who has been held to the grand jury on a larceny charge made by Joe Lemma, a

merchant of the same town. Monday filed a suit against Lemma, Frank E. Beaty and Albert B. Ferrara, in which he seeks to secure the return of money and property which he alleges was secured from him under compulsion and abuse, and against his will, and without cause, and while he was in great fear for his personal safety. He alleges he was held in the office of Attorney Ferrara and there threatened with being sent to the penitentiary. This is the outcome of a case wherein Lemma alleged that his store safe had been robbed for a series of weeks and finally a detective was set to watch Mattio to see if he had been caught as he took a \$20 bill from the safe.

O-W. R. & N. AND FEDERAL DIRECTOR HINES ACCUSED A suit is on trial in Circuit Judge Gates' court, before a jury, in which Hasen Zeffert seeks to recover from the Oregon-Washington Railroad & Navigation company and Walker D. Hines, United States director general of railroads, \$2780 for injuries, which he declares are permanent and prevent him from performing manual labor. The injuries, he alleges, were caused while he was employed by the defendants as a laborer on the railroad, and when a handcar on which he was riding was thrown off the tracks. He alleges that the handcar was in such a dilapidated condition that it was unfit for

use and that this caused it to leave the tracks. PRIMARY REGISTRATIONS TO CLOSE AT 9 O'CLOCK TONIGHT Primary registrations will close at 9 o'clock tonight. Latest figures compiled at the registration bureau in the county clerk's office show that there are but 214 less Republicans registered than for the general election in 1918, and that there are almost 2000 less Democrats than those registered at that time. The latest compilation at the bureau show: Republicans—Male, 41,258; female, 26,858; total, 68,116. Democrats—Male, 12,421; female, 9514; total, 22,937. Other parties or registrations—Male, 2678; female, 1914; total, 4592. Grand total, 95,915. The increase over the preceding day was 1391.

MULTNOMAH COUNTY FARM SHOWS PROFIT FOR MARCH The Multnomah county farm continues to make a good financial showing. U. G. Smith, the farm foreman, presented to the county commissioners Monday the farm statement for the month of March, showing that products were sold or delivered to other county institutions during the month to the amount of \$2359.23, and that the operating expenses were \$118.67, leaving a balance of \$1180.62. The expenses for building and improvements during the month were \$286.55. The balance shown on the sale of

county farm products in February was \$120.97. Add 100 New Citizens An even 100 new citizens of the United States were added to Multnomah county Monday by the action of Circuit Judge McCourt in issuing final citizenship papers to 30 persons. In nearly every case the applicants for final papers had families and the wives and minor children became citizens through the conferring of this honor upon the head of the family. There will be no further hearing on applications for citizenship until June.

\$30,000 Damages Asked A suit for \$30,000 damages was filed Monday by the Willamette-Oakland company against Mrs. Eliza C. Dolph for alleged breach of contract. The plaintiff alleges the defendant agreed to erect a building and lease it to the company for a period of five years, but that she failed and refused to proceed with the erection of the building.

New Company Formed Articles of incorporation were filed with the county clerk Monday for the Shives-Howe Motor company. James Shives, L. Gilstrap and E. Doehring are the incorporators. The capital stock is placed at \$20,000.

County Assistance Asked Forest Supervisor F. H. Sherrard

asked the county commissioners Monday to contribute \$10 per month toward the wages of two men for May and June to be employed at Eagle Creek camp ground on the Columbia river highway, to keep the grounds cleaned and to handle traffic. The commissioners were also asked to provide the salary of one man at the camp grounds from July to September, at \$120 a month.

Divorce Suits Filed Divorce suits were filed Monday by T. Glennon Smith against Ida R. Smith, on charge of desertion; C. M. Miall against Mildren C. Miall, desertion, and Frieda Beberg against Oscar F. Beberg on charge of cruel and inhuman conduct.

Non-Support Charged Frank O'Brien, a driver of the Broadway Taxicab company, was arrested Sunday morning on the charge of non-support, and was released on his own recognizance. Willis Cowles of St. Johns was arrested on a similar charge Monday, but an agreement was reached whereby he was given his liberty.

Directories Are Ordered People visiting the courthouse will soon find directories in front of the main entrance to direct them to the officials they wish to reach. The county commissioners Monday instructed the purchasing agent to secure two such directories, at a cost of \$123 each.

LIFTING BURDENS OF CAR RIDERS IS AIM OF MEASURES

The special committee of the city council is now preparing to recommend submission of two measures to the people in an effort to relieve car riders of the entire burden of upkeep of the Portland transportation system. One measure will provide for partial relief from bridge tolls and all franchise taxes, car licenses, free rides and costs of new paving between tracks. The other is to partially relieve the riders, through the company, of cost of maintenance and reconstruction of paving. There is no legal obstruction, it is believed, to submission of the measure providing for the removal of the fixed charges, but attorneys are not agreed

upon the measure providing for relief from maintenance and reconstruction of paving. The special committee has decided, however, that no bond issue of \$5,000,000 will be attached as a rider. A much smaller amount will be needed by the city to meet the deficit through loss of revenue, inasmuch as the relief from burdens is extended for only five years, rather than for the life of the franchise as first proposed. It is pointed out that there might be radical changes in the street railway problem within five years. The special committee meets again this afternoon for further consideration of street railway matters.

Freed on One Charge, Man Is Rearrested

Immediately after United States Commissioner Frank's dismissal Monday of government charges of prohibition violations against Mrs. Nettie Connett and E. H. Lowther, Assistant United States Attorney Charles Reames swore out a complaint against Lowther on charges on running a still. Lowther's arrest on this charge is in connection with a former case against Mrs. Connett when she was convicted in federal court on three counts of prohibition violations. Lowther did not appear in that case, but Reames now alleges that Lowther conducted a still.

OPPORTUNITY DAY

THERE are few people who do not know the message of Opportunity Day, few who are not so particular about their expenditure as to set importance by its values. The items on this page comprise opportunities for everyone. It is well to read the list through, so as to be sure of missing none.
