

PENROSE STACKS CARDS ON HARDING AS FIRST CHOICE

By Robert J. Bender, United News Staff Correspondent. Philadelphia, Pa., April 21.—Senator Boise Penrose, stalwart of stalwarts in things Republican, was "at home" Tuesday to a number of friends—and it happened that they were political leaders.

The chief talked things over with Senator James Watson of Indiana; John T. King of Connecticut, and others who were anxious to ascertain how things looked politically to Penrose.

It was evident from conversations later that the various candidates in the Republican fold were checked over with care and detail.

CONCLUSIONS ARE DRAWN. Conclusions drawn from a statement by Watson, coupled with the opinions of others who have talked with Penrose, would permit of the following card-indexing of candidates so far as Penrose is concerned at this particular writing.

Herbert Hoover—Nothing doing. General Wood—Scarcely anything doing.

Senator Johnson—Possible but highly improbable. Governor Lowden—First choice.

Governor Lowden—Would be a good compromise between Johnson on the one hand and Harding on the other.

HARDING PENROSE FAVORITE! Of course Penrose this year, as in the case every four years, "has an open mind" on the Republican nomination question, and is "merely looking on."

Senator Watson confirmed this today after talking with "the chief." He added, however, that "Harding in the type of man Senator Penrose has in mind, though he has not committed himself to a candidate, and I am certainly not prepared to say that he will be for Harding."

Then taking up the other candidates, Watson eliminated reference to General Wood, declaring that Governor Lowden was a "factor to be reckoned with," and predicted that, in event of a nation-wide popular vote, Johnson would get "a very strong representation," and concluded that Hoover would not do.

WOOD IS ELIMINATED. The pro-Johnson "old-guarders" point to the fact that Johnson has apparently scrapped his own government ownership and "too advanced taxation" theories, both of which were highly objectionable to Penrose, Senator Murray Crane and other Republican leaders.

Johnson's friends also declare that he would pull the Irish, German and labor vote and would make the most effective campaign of any of the candidates.

LEAGUE HURTS JOHNSON. They admit, however, that his stand against the League of Nations would hurt him in the country and is one of the strongest arguments against his nomination.

Anti-Johnson "old-guarders" figure that as things are running in the pre-convention fight to date, Senator Johnson is helping their work of eliminating General Wood and that when it comes to the finish at Chicago there will be the conservatives, lined up behind Harding and Lowden, with the radicals standing behind Johnson.

Johnson, they figure, might have an outside chance, but it would appear more likely that some compromise would be effected between Johnson and Harding—perhaps Lowden, if Johnson would stand for him, and if not Lowden, some "dark horse."

WOOD ATTITUDE UNCANNY. There is an almost uncanny attitude shown by old guard leaders in the way they dismiss General Wood's chances at Chicago. They concede that he will have around 200 to 250 votes, but declare they know that many of these will not stick long.

The uncertainty is merely accentuated by talks with Wood supporters, who declare that even in primaries going against Wood, it will be found at Chicago that the delegates—such as those for Johnson in Michigan—are not anti-Wood, will not stand hitched to Johnson's wagon and be held around where the California senator wishes to lead them, but will vote for Wood as their second choice.

WOOD AND HARDING CAMPS WAGING STRENTUOUS FIGHT. Columbus, Ohio, April 21.—With only one more week before the state primary-primaries, all the political tricks in the respective Wood and Harding baskets are being scattered over Ohio.

Bitter attacks on the rival candidates have been made by their respective forces, and now, as the campaign draws near its end, rival boards of strategy are working night and day to gain local advantages.

Wood's supporters charge: That Harding represents the old reactionary crowd in the party which defeated Roosevelt and is merely a "favorite son" candidate to stop the Wood boom.

That Harding is trying to get the pro-

gressives to write in votes for Senator Johnson in order to split the Wood vote; WOULD BEAT HOOVER.

That while Johnson was asking Harding to accept, second place on the Harding ballot, the Harding forces were passing the word that in event of Harding's being unable to win at Chicago he will do what he can for Herbert Hoover.

Harding's friends charge: That Wood has carried on an extravagant campaign, featured by misrepresentation, and that at Columbus, at least, it is being enthusiastically backed by interests friendly to the Democratic party, trying to destroy Harding rather than to help Wood.

That Wood's supporters have passed the word that their second choice is Hoover in order to capture a strong Hoover element in the state for the general.

NOW UP TO HARDING. As a matter of fact the Hoover word seems to have been passed rather skillfully by both sides, and as a result, the expected written-in vote for the food administrator is not expected to reach the proportions first anticipated.

It is generally conceded by Republican leaders that Harding must beat Wood decisively next Tuesday in Ohio or see his presidential boom begin to dwindle. In addition, in voicing their preference for Hoover, the people also will accept the state's delegates to the convention. Wood and Harding have their own respective delegations in the running, although in some districts Wood has not entered the contest and he has only two seeking places as delegates at large, whereas Harding has a full slate of four.

The Democrats will have an easy time of it in their primary. Governor Crane being unopposed in the state as a candidate for the Democratic presidential nomination and the Ohio delegation will be solidly behind him—a big "ace in the hole" at San Francisco.

DEMOCRATIC MATERIAL FOR CAMPAIGN IS DISCUSSED. By United Press. Chicago, April 21.—The onus of all alleged governmental sins, including high prices, industrial strife and foreign complications, was placed on the contemporary congress last night by Homer S. Cummings, Democratic national committee chairman, when he outlined what is expected to be the burden of the Democratic campaign.

"The Democrats, in a few months before the war, put on state books more constructive legislation than the Republicans did in 20 years," he said.

"They enacted federal reserve, income tax and other financial legislation which enabled the country to go through the greatest and strangest of the world more smoothly than it had operated in peace times."

"If the peace treaty had been ratified we would not have had the Polish army marching far beyond the boundaries agreed to in the treaty. And we would not have to face the dangers following the occupation of Germany by a French army."

"Our ships would not now be kept at home because of the drop in foreign exchange and we would be returning rapidly to normal peace times, instead of the unrest that is causing so much strife."

CUMMINGS NAMED CHAIRMAN OF DEMOCRATIC CONVENTION. Chicago, April 21.—(I. N. S.)—Homer S. Cummings of Connecticut was chosen temporary chairman of the Democratic national convention to be held at San Francisco by the Democratic national committee on arrangements at a meeting Tuesday afternoon. Other temporary officers named were: W. R. Hollister of Missouri, first assistant temporary chairman; E. G. Hoffman of Indiana, secretary; P. I. Morgan of Mississippi, sergeant at arms, and J. J. Hughes of Oklahoma, first assistant sergeant at arms.

PALMER MAINTAINS LEAD IN GEORGIA'S PRIMARY VOTE. Atlanta, Ga., April 21.—(U. P.)—Returns from 133 of the 455 counties in Georgia's state presidential primary today gave Attorney General A. Mitchell Palmer a lead of 20 conventional votes over his nearest rival, Thomas A. Watson, former congressman. United States Senator Hoke Smith was running third.

On the basis of returns from 133 counties, Palmer carried 48 counties with 120 conventional votes, while Watson won in 42 counties with 106 conventional votes.

DEFEAT FAILS TO CHANGE BRYAN'S CONVENTION PLANS. Lincoln, Neb., April 21.—(I. N. S.)—"I will be at the San Francisco convention whether I go as a delegate or as a representative of the press—but the liquor and Wall street interests will know that I am there—it matters not in what capacity I go."

This statement made by William Jennings Bryan in his stump speeches for his nomination, may be a reality, for late returns from the primaries indicate that he is assured of representing his party as fourth man on the list of delegates.

DELEGATES ARRIVING FOR IOWA G. O. P. CONVENTION. Des Moines, Iowa, April 21.—(U. P.)—The vanguard of the delegation to the Republican state convention to be held in Des Moines tomorrow arrived today. Party leaders predicted Senator Cummings would be made permanent chairman.

Delegates favoring the candidacy of Governor Frank O. Lowden of Illinois for president will control the convention,

political observers declared. Wood, Johnson and Hoover delegates will be in the minority, they said.

Iowa will send 6 delegates to the national convention.

ROBINSON DECLARES HOOVER HAS NO PEER FOR PRESIDENT. Los Angeles, Cal., April 21.—(U. P.)—Henry M. Robinson, chairman of President Wilson's coal commission and former member of the supreme economic council in Paris, today declared for Herbert Hoover for president. Robinson asserts "there is no man in the United States, nor in the world, whose equipment of knowledge, experience and wisdom of the meeting of problems that immediately confront this nation comparable to Herbert Hoover."

"While I could easily support Senator Johnson," Robinson said in part, "my knowledge of Mr. Hoover's work and abilities as seen through six months of close personal association with him in Europe and in Washington has caused me to support him for the presidency."

"Hoover has no silly, sentimental uplift views. He is intensely practical, but has a very full appreciation that there are a tremendous degree dependent on other nations of the world."

"He is an American of the cleanest and best type and stands always for the protection of American interests."

BRYAN LEADS IN NEBRASKA'S VOTE. (Continued from Page One)

to defeat him and his friends with one exception, that being Governor Townsend.

The general not only was elected a delegate to attend the national Republican convention, but he also was the choice of the convention for national committeeman.

SEEK TOWNSEND'S SCALP. The big fight of the caucus prior to the assembling of the convention by the Sussex county delegates who sought Governor Townsend's scalp. They won, too, the governor receiving only 18 votes out of 42 in that county for national delegate. In the Newcastle county caucus United States Senator L. Heister Ball successfully put to rout those who sought to defeat him as a national delegate, the opponents being former followers of Alfred J. Dupont.

While it was through Dupont's influence that Senator Ball was elected to the higher branch of congress, yet it is now asserted that he has been out of touch with Senator Ball for some time.

He did not appear at the caucus, the matter of deciding upon the delegates, the state went through with harmony that failed to indicate the strenuous hours prior hereto.

SUFFRAGE IS URGED. The platform adopted urged the ratification of the suffrage amendment by the legislature in special session, a strong plank for law and order; advocating education as the best means of fighting radicalism; proposed efficiency in management of governmental affairs; and the owners of large cars of old makes are paying just as much as the owner of a new heavy car, while the owners of light cars are paying an undue proportion toward building the Pacific highway.

"If elected will you promise to vote for a bill for a market commission for Oregon, the same as California has, and which has made California one of the most prosperous agricultural states in the union?"

"If elected will you promise to vote for a more equitable system of licensing automobiles? Placing a higher tax on new and heavy machines, and making the fee on the older heavy machines lighter?"

The county officer seekers must answer the following questions: "If elected will you promise to devote as much of your time to the improvement of our state roads as you do to the Pacific highway? Will you use your influence to see that the standing timber of the county is taxed in proportion to the value of the land? To 10 percent of its marketable value? The farm lands and farm machinery are so assessed."

CANDIDATES IN OREGON PAY \$11,975 TO RUN FOR OFFICE. Salem, April 21.—Filing and statement fees from candidates seeking political honors in the forthcoming primary election in this state aggregate \$11,975, according to a summary issued Tuesday by Sam A. Koser, deputy secretary of state. Of this amount \$6265 was paid in as filing fees by the 343 candidates requesting names on the primary ballot, the filing fees covering a radius from \$10 for legislative candidates to \$150 for candidates for the United States senate.

Some candidates have filed statements or publication in official voters' pamphlets to be issued by the secretary of state's office, the fees from this source aggregating \$5710.

Twenty different pamphlets will be required in the publication of these statements, 17 including the statements of Republican candidates and three for the statements of Democratic candidates. This is the largest number of voters' pamphlets to be issued by the state since the enactment of the corrupt practices act in 1910. All fees from filings and statements are placed to the credit of the general fund to offset the expense to which the state is put in the printing and mailing of the pamphlets and other items incidental to the primary election.

FOUR FORMER SOLDIERS IN CONGRESS FAVOR CASH BONUS. By Hudson Hawley. United News Staff Correspondent. Washington, April 21.—The congressional squad of eight former service men was asked to fall in today, dress up the line and count off as to whether or not it favored the grant of a cash bonus to the buddies throughout the United States.

Of the seven members present and accounted for, four pronounced for the cash bonus settlement; two opposed it, but strongly favored the alternative of enabling ex-service men to buy land, or to borrow money to build homes; one declined to be quoted, and one—former Major Elkins, the only senatorial member of the squad—was absent on leave on official business.

Representative Jacob L. Milligan of Missouri, a former captain in the Thirty-first division in France; Royal C. Johnson of South Dakota, formerly a first lieutenant in the Seventy-ninth division in France; Charles P. Caldwell of New York, an ex-major in the ordnance corps, and King Swope of Kentucky, a one-time silver-striper captain, all favored the cash bonus.

Each speaker is responsible for four state measures and early in May the land clubs, teachers' associations, labor unions and discussion groups. Both sides of each measure will be presented and there will be no selection of facts with a view to persuasion. The issues to be presented by student speakers are the state aid bill, providing aid for soldiers, the tax for state educational institutions, for the common schools and the blind school; the repeal of capital punishment bill; and the city measure relating to the Portland street railway. Professors C. H. Woody and Charles McKinley are coaching the students.

JOHNSON NOT TO RETURN TO CALIFORNIA FOR PRIMARY. Chicago, April 21.—(I. N. S.)—Despite the fight being made on him in California through the medium of Herbert Hoover, Senator Johnson will not return to his home state before the primaries there on May 1. It was announced by his friends here today.

Senator Johnson will leave Indiana at the end of this week and go to Delaware, Maryland and New Jersey for a week's speaking tour.

The returns from Nebraska produced a depressing atmosphere at Wood headquarters here. As the result, plans were made to redouble the Wood campaign efforts in Indiana. At the same time Governor Lowden, returning from Washington, planned to carry his fight personally into the Hoosier state.

Farmer Seeks Nomination. Albany, Or., April 21.—R. C. Peppering has filed a petition for Republican nomination for county commissioner. Peppering is a farmer of near Scio. He asked that "Nine years of practical experience in county road and bridge construction" be placed after his name on the ballot.

Women Appeal to Governor. Montpelier, Vt., April 21.—(I. N. S.)—A delegation of 100 members of the Vermont Equal Suffrage league will call on Governor Clement in two delegations late today to make another appeal for a special session of the legislature to vote on ratification of the suffrage amendment.

Lane Registration Heavy. Eugene, April 21.—(Special)—As a result of the campaign carried on by students of the University of Oregon and the Chamber of Commerce, it is believed that the largest registration in the history of Lane county has rolled up. In order to cover the ground the committees spent all day Sunday in the canvass.

Tailor Would Be Judge. Hood River, April 21.—With the circulation of petitions for the nomination of A. J. Graham, a tailor, for county judge on the Republican ticket, new interest has been added to the political race here. H. L. Hasbrouck is nominee of the county Republican party.

TAMPAICO MENACED BY MEXICAN REBELS

Washington, April 21.—(U. P.)—Mexican rebels are threatening Tampico, in the heart of the oil region, according to a communique issued here today by General Alvarado, representing the revolutionists.

He said that General Gomez, with 3000 men, joined the rebels, seizing the town of Tuxtlapa, the second largest Mexican oil city—and is now reaching Tampico.

There are extensive areas of oil lands in those districts owned by American and European interests.

German Banker Sees Demnition Bow-wows If France Persists

By Karl H. Von Wiegand. Berlin, April 21.—"We are going to the demnition bow-wows, my dear 'air, and the rest of Europe will go with us, though that is poor consolation for us."

So stated today Arthur von Gwinner, Germany's leading banker, for many years head of the Deutsche bank, from which he resigned only recently.

He is just back from a rest cure in Switzerland.

"France is determined upon the annihilation of Germany as an economic as well as a political power. Unless France is hindered in this by England and America, the French will succeed, especially if England looks on that aim with tolerant indifference."

"The equilibrium of the world rests upon three main pillars—America, England and Germany. If one of these legs is kicked away, the table is bound to turn over."

Cudahy Manager Is Arrested for Too High Meat Prices

New York, April 21.—(I. N. S.)—Department of justice agents today arrested Leo Roy W. Ross, manager of the Cudahy Packing company plant in Brooklyn, on a charge of profiteering.

After the hearing in court, he was held under \$2500 for examination. A retail dealer charges the company sold the same meat for 26 and 34 cents a pound on successive days. Three other packing company managers were arrested Monday.

declined to be quoted, and one—former Major Elkins, the only senatorial member of the squad—was absent on leave on official business.

Representative Jacob L. Milligan of Missouri, a former captain in the Thirty-first division in France; Royal C. Johnson of South Dakota, formerly a first lieutenant in the Seventy-ninth division in France; Charles P. Caldwell of New York, an ex-major in the ordnance corps, and King Swope of Kentucky, a one-time silver-striper captain, all favored the cash bonus.

Non-partisans in Yamhill Defeated At Forum Meeting

Newberg, April 21.—When a resolution was introduced at the Yamhill county public forum session in McMinnville, Tuesday, proposing that any voter registered "independent" be permitted to vote at a primary election for any candidate he chooses on either the Republican or Democratic ticket a hot fire developed. J. Cal Cooper, treasurer and ex-Socialist, proposed the measure.

John U. Smith of Newberg, Republican, and vice president and one of the organizers of the forum; John Chawford, Republican, and Charles Anderson of Stayton, Democrat, opposed the measure. The charge was made by Smith and admitted that the measure was an effort to bring the Non-partisan league into Oregon.

Smith strove to have the matter put over for further debate, but a vote was taken and the resolution was voted down, 3 to 1. A similar move by its proponents was voted down. The forum membership is made up, largely of farmers.

PRESIDENT MAY FORCE CONGRESS TO REMAIN

(Continued from Page One)

ment junket, details of which have already attracted at least 100 or more members.

But once before, when congress was preparing to go away, Wilson stepped in and delivered a message on the high cost of living. Something like this is being contemplated. It has not taken shape as yet. But a general outburst from the White House on the subject of neglected legislation is about due.

When stories were circulated the evening that Wilson was planning to get actively in the campaign, sufficient account was not taken of physical strain that might be implied by the word "actively."

The president will not get out and make speeches. He is too much of a sick man to do that. But there is nothing wrong with his flow of language. Here are some of the things which the White House says are still on the congressional doorstep. Indeed the memory of congress is jogged by the following sentences from President Wilson's latest message:

"I hope that congress will bring to a conclusion at this session legislation looking to the establishment of a budget system."

"Another and not less important aspect of the problem is the ascertainment of the economy and efficiency with which moneys appropriated are expended."

NON-PARTISANS REQUIRED. "No one is authorized or equipped to ascertain whether the money has been spent wisely, economically and effectively. The auditors should be highly trained officials with permanent tenure in the treasury department, free from obligations to or motives of consideration for this or any subsequent administration."

"I trust that the congress will give its immediate consideration to the problem of future taxation. Simplification of the income and profits taxes has become an immediate necessity."

"The congress might well consider whether the higher rates of income and profits taxes can in peace times be ef-

SOVIETS TERMED MORE ACTIVE IN U. S. THAN RUSSIA

"In a tour, now 21,000 miles, through the United States since January 1, I have found more Bolshevism to the square inch in the industrial centers of America and more to the square foot generally in the United States than there is to the square mile in Russia."

This was the startling statement of Peter W. Collins, director general of the reconstruction service of the Knights of Columbus, formerly international secretary of the Electrical Workers, on his arrival in Portland this morning.

"Invariably at all my meetings," he continued, "some leader of Socialism arises to justify and argue for the abolition of the American form of government and proposing that we supplant it with the soviet."

"I anticipate such an experience at Lincoln high school auditorium, where I will address a mass meeting this evening."

In Butte a few weeks ago I had a joint debate on this subject with a Portlander, W. F. Dunn, who is now one of the leading Socialist propagandists of Montana. Twelve hundred I. W. W. packed the hall under his leadership. They ridiculed our flag, our constitution, our government.

"But I find there is a screw loose in every one of the radicals, somewhere. Their arguments cannot stand before facts. Some of them are out for self, some for self, some of them believe they are right. But 99 per cent of those following Bolshevism today in America do not know what it is. If they did they would leave it like a plague."

ADDRESSES 6000 PEOPLE. Director General Collins addressed an

Prominent Jeweler Killed in Accident

San Francisco, April 21.—(U. P.)—Frank P. Rook, vice president of Shreve & Co., jewelers, was killed early today when his automobile collided with a garbage wagon. Rook's wife, who was with him in the machine, was not injured. The jeweler was driving on a high rate of speed when the accident occurred, according to statements of witnesses.

Articles of Incorporation were filed with the county clerk Tuesday for the Dutho Rubber company of Oregon, with its principal place of business at Portland, and its capital stock placed at \$3,000,000. It proposes to manufacture, buy and sell tires tubes of various sizes. The incorporators are T. V. Phillips, J. W. Murray and Harry Wandron.
