

Take the Children to See the Pet and Live Stock Exhibit and Parade at Public Library Tomorrow, Auspices Humane Society

Announcing a Free Course in Elementary Bee Keeping

The success which has attended the illustrated talks on the Honey Bee given at this store by Dr. Henry Collins, Bee Expert, has induced us to provide this free course of lectures by the same authority for those who wish to learn more about this fascinating subject and profitable industry. The course will be complete in five lessons to be given each Saturday, May 1 to May

29 inclusive, at 2:30 P. M. in our Sixth Floor Auditorium.

Tomorrow's talk, the first in the series, will be on "The Origin and Development of the Bee"—knowledge which is essential to successful bee keeping. School children are invited to attend as well as grown-ups who will appreciate the information given in these talks.
