

HARVEST HANDS IN GREAT DEMAND IN MIDDLE WEST

(By United News)
Washington, May 13.—Farmers in the wheat belt have agreed to pay a minimum of 70 cents an hour to harvest hands, in addition to food and lodging, yet there is more than usual likelihood of a labor shortage, according to Wade H. Skinner, assistant general director of the United States employment service.

Skinner estimated 60,000 harvest hands from outside will be needed to gather the crop, starting June 15, when the harvest rush will begin in Oklahoma. KANSAS NEEDS 14,000.

The shortage of farm hands and the fact that jobs are easy to obtain in cities, are given as reasons why farmers are planning to mobilize the harvest labor supply are expecting unusual difficulties. Reports received here give these preliminary demands:

Oklahoma, with 2,250,000 acres of wheat, will need 40,000 from June 15 to July 1.

Kansas, with between 7,000,000 and 8,000,000 acres, will need at least 40,000 men from June 20 to July 15.

Missouri, 600,000 acres, will need 6000 men at the same time.

NEBRASKA AN HOUR PAID
Nebraska, with 3,000,000 acres, requires 6000 men starting early in July and continuing during the month.

Harvest in the Dakotas and Minnesota will be under way in late July, with heavy demands for transient labor.

Kansas presents the most serious problem, Skinner asserted. More than 70 cents will be paid to experienced stackers, engine men and cooks, it is predicted. Last summer, farmers bidding against each other paid \$1 an hour in some counties.

An appeal will be made to the railroads for reduced rates for harvest hands being moved into the wheat territory.

The Dalles, May 13.—By a majority of 285 the voters of The Dalles Wednesday authorized the sale of \$50,000 paying bonds for constructing the west link of the Columbia river highway and for widening and improving the grade entering the east end of the city. Another important matter which was decided by the voters was approval of \$125,000 Auditorium bonds for the construction of a municipal auditorium. The measure passed by a margin of 154. A very light vote was cast.

Floral Prize Fund Growing Steadily; Will Extend Work

The prize fund of the 1920 floral parade, Rose Festival association, is growing steadily through the receipt of contributions at headquarters, 506 Henry building. Prospective contributors are asked to make remittances early, as the committee on awards desires to complete its work and issue the official prize list. Credit will be given to each donor. It is desired, if possible, that all contributions be in cash, rather than merchandise, inasmuch as this will facilitate the allocation of prizes to the various classes of entries.

At a recent meeting of the committee of private entries and school and community entries, held at the home of the chairman, Mrs. Helen Ladd Corbett, plans were formulated to extend the work, through sub-committees, to every district in the city. Announcement of district chairmen will be made soon. Among those already appointed are the following: Rivera, Mrs. A. E. Rockey; Portland Heights, Mrs. H. B. Van Duser; Waverley Heights and Garthwick, Mrs. Reed Ireland.

Reports also were received from the committee on queen and attendants, Mrs. David Honeyman, chairman, and from the committee on woman's organizations, Mrs. J. G. Frankel, chairman.
