WHEAT AND FLOUR CARGOES FIXED ON PRIVATE CHARTERS

Wheat and flour shipments to Europe will be increased during the month of June by the addition of the steamships West Wind and El Cajon. These steamships have been taken by private charter and New York advices state they have been assigned to E. C. Evans & Co., for Portland loading. Both vessels are now en route to the Columbia river. The West Wind is scheduled to arrive June 2 and the El Cajon May 26.

June and July movement of grain will be heavy. In all, 17 steamships are booked for Northwest loading with a carrying capacity of better than 3,000,000 bushels (including flour). Posted on the board at the Merchants Exchange are the Ethingham, Dewey and Bakersfield.

The Columbia-Pacific Steamship company announces the steamships Eastern Ocean, West Cayote and Howerden for July loading. The Eastern Ocean is on berth on the Atlantic side and will sail early in June for Portland. The Howarden will follow from Baltimore the middle of the month, and the West Cayote from New York the latter part of the month. The vessels are under charter to the European Steamship company.

Arriving in the harbor this morning was the steamship Eastern Cloud, to W. R. Grace & Co. She berthed at the Standard Oil dock for fuel and will load 80,000 barrels of flour at Municipal No. 4.

A number of steamships have been allotted to private charter whose names have not been announced by local agents. Listing of all grain vessels for Northwest ports will probably be made during the first week in June.

SHIPWRECKED JAPANESE TO BE RETURNED TO ORIENT

The 13 Japanese shipwrecked fishermen, rescued 300 miles off the Japanese coast by the steamer Paulette, which was Portland-bound, will be returned to their native country on the Kaisho Maru Saturday as a result of arrangements just completed between the immigration service, the Japanese consul and the Pacific Steamship company.

The Japanese had been shipwrecked five days before being picked up by the Paulette one dark night. The Paulette is now being fitted up with coal bunkers so there is not room for the Japanese on board. Furthermore, the vessel will be here for some time, so that officials deemed it advisable to arrange for transportation back on some other vessel.

PORTLAND-ASTORIA STEAMER SERVICE IS REESTABLISHED

Daily service between Portland and Astoria has been reestablished by the O-W. R. & N. company. The steamer Harvest Queen will sail from Ainsworth dock every evening except Saturday.

Opening of the excursion season for North Beach points has been announced for the latter part of June when the steamer Hassalo will be placed on the run, giving a two-boat service out of Portland and Megler.

TUG RELIEF AND TOW ARE MAKING CREDITABLE SPEED

Speed record for a heavy tow was established by the tug Relief on the first leg of the long voyage to the West Coast with the lumber-laden barge Acapulco. The tug reported in at San Pedro this morning for oil, five days out from the Columbia river. An average speed of better than eight knots was maintained. Salinas Cruz and Balboa will be the next stops of tug and tow.

The barge is following the speed limit set by her master, Captain Jacob Neilson. He took command on 15 minutes' notice and has retained his reputation on the voyage.

STRS. HARVARD AND YALE TO SAIL FOR COAST SOON

Los Angeles, May 21.—(I. N. S.)—Announcement was made today that the steamers Harvard and Yale, formerly in the coastwise service between San Diego, Los Angeles and San Francisco, would be started for the Pacific coast from the Philadelphia navy yard in about three weeks. The steamers were bought from the government recently by the Los Angeles-Pacific Navigation company.

Tom McFarland, formerly captain of the Yale, recently a trial captain for the Los Angeles Shipbuilding & Drydock company, left yesterday for Philadelphia to take charge of bringing the steamers to the west coast. He will again become captain of the Yale. Herman Grothman, resident inspector at San Pedro for the Emergency Fleet corporation, will be chief engineer of the Yale. He will start for Philadelphia Sunday.

When the two steamers reach Los Angeles harbor they will be practically reconstructed at the plant of the Los Angeles Shipbuilding & Drydock company.

Radio Examinations Scheduled

Radio examinations will be held about June 15 by the radio examiner of the seventh district in the radio department of the Oregon Institute of Technology, fourth floor of the Y. M. C. A. building. Those desiring to take the examination at this time are requested to leave their names at the office of the Oregon Institute of Technology, 416 Y. M. C. A. building.

Steamer Silverado Inspected

Under direction of Local Inspectors Edwards and Wynn, the steamship Silverado was given part inspection at Rainier. She will be finished at Portland tomorrow. The Green Star liner Aquarius was inspected at Vancouver, and the Wenina at Portland today. The Port of Portland tug Pronto will be inspected at Portland Saturday.

Tug Hercules Safe

Seattle, May 21.—(U. P.)—The tug Hercules, towing a pontoon of drydock to San Francisco, reported in danger off Cape Flattery last night, was all safe today, according to a wireless from the cape.

Jewelry Stolen in Apartment; Police Investigating Case

Thefts of jewelry figured in two of three housebreaking cases reported to the police the last 24 hours.

Someone entered the rooms of Mrs. W. H. Williams in the Peninsula apartments Thursday night and stole a pearl and sapphire ring, four blue sapphires, one square cameo brooch, one silver ring (set), a wrist watch, lavalliere and other jewelry. Inspectors Schulpius and J. Moloney are working on the case.

A pass key was used in effecting an entrance to the rooms occupied by Mrs. J. E. Dempsey in the Jackson apartments Thursday night. A diamond and agate ring and beads were taken. Inspectors Phillips and Tackabery were detailed on the case.

Officer Payne reported that two men broke the front door lock early this morning of the Everready drug store at East Fortieth and Division streets. C. C. Banfield, the proprietor, reported that nothing was taken.

175 to Be Graduated From Eighth Grade Of County Schools

Nearly 175 children are to be graduated from the eighth grade in the Multnomah county rural schools Saturday morning when commencement exercises will be held in Library hall. B. G. Skulason, a Portland attorney, will deliver the commencement address. Hopkin Jenkins, principal of Jefferson high school will award the diplomas.

Music will be furnished by the Parkrose school orchestra, and drills, songs and recitations will be given by various schools in the county. Prizes will be given in the essay and tablet contests and library reading certificates and standard certificates will be given out. Reading certificates will be given to 135 pupils who have given a satisfactory oral report on five books chosen from a selected list prepared by the library.

Zigzag Road to Be Ready in Two Weeks

The Zigzag road will be complete in another week, T. H. Sherrard, supervisor of the Oregon National forest, said this morning after a visit to the region. No attempts will be made toward the development of camping grounds this year except the building of two stoves, because of lack of funds.

Reed Students Merge Taxes

Student activities at Reed college will be financed by a blanket tax of $5, according to a decree of the Reed student council. The tax will cover the subscriptivities, athletics and miscellaneous student expenditures. In the past the taxes have been collected by treasurers for the various organizations. Next year they will be consolidated in one inclusive tax, to be collected on registration day.

Why the flavor doesn't vary—

It is remarkable that twenty-four kitchens can co-operate so closely that the *quality* of Tillamook Cheese *does not vary*. The cheese in every vat is tested before it leaves the kitchens and unless the highest standard is reached, Tillamook is not placed on the rind.

Tillamook is so good in flavor because of its creamy richness. It is high in food value and will reduce the cost of living materially if substituted for meats and eggs on your menus. Five quarts of *full cream* milk are used in making a pound of Tillamook Cheese.

Delicious souffles, egg omelettes, potatoes, macaroni and cheese and other every day dishes will be *improved* by the use of Tillamook Cheese—and melted Tillamook Cheese on toast—oh, how *good!*

The best grocers everywhere sell Tillamook Cheese—by the slice or in 6 and 14 pound sizes.
