

### CITY BRIGHTENS UP IN SCOURING DRIVE STILL ON

Today marks the real "cleanup" of Portland's "cleanup" week, which has been productive of wonderful results. The entire west side of the river is scheduled for "scouring" today.

From Sheridan street to the city limits the Press club is in charge. The Women's Ad club is in charge of the district from Sheridan to Washington street. Club members are clad in overalls for the occasion. From Washington to Northrup street the Progressive Business Men's club is directing operation, and from Northrup north to the city limits members of the Portland Service league are looking after affairs.

### FINAL DAYS OF CLEAN-UP CRUSADE

for the O-W, R. & N. and S. P. lines, has done effective work in having rights of way in the city limits cleaned, rubble, and now the railroad officials are going to fix up their stations with paint and whitewash so that they will be spick and span by the time June visitors arrive.

Thursday's work was effective. Under direction of J. Hunt Hendrickson and Robert Rankin of the City club, Sellwood, Brooklyn and Stevens districts were cleaned by noon. Captain Canuto of engine 31 reports that Mount Scott was shining and bright by 2 o'clock. P. R. Sessions and H. W. Hall having been in charge there.

Local theatres, including the Hippodrome, Pantages and Orpheum, the Jensen & Von Herberg picture houses and the Circle theatre, are distributing tickets gratis among the young people as they work on the "firing line."

All day Saturday firemen will pay cash for all usable junk and papers delivered at fire stations throughout the city.

Superintendent Holber reports that the incinerator is working overtime with an augmented force.

City officials, Fire Marshal Grenfell and others interested in the work report much satisfaction with results to date.

#### Italians to Celebrate

The Italian colony of Portland will celebrate Monday, May 24, proclaimed by Mayor Baker as Italian-American day. The Italian Colonial Federation has taken the necessary steps to celebrate this date with a patriotic man-

festation at Swiss hall, 233 1/2 Third street, at 8 p. m. Good speakers, concert and dances will feature the program, to which the public is invited.

### QUICK RELIEF ORDERED FOR CAR SHORTAGE

(Continued From Page One)

Cummins law, the commission ordered the roads to deliver freight by the quickest and shortest routes.

In carrying out the request of the executives, the commission issued a number of orders for each of the lines, directing the roads to deliver a certain number of cars at specified points daily. As these instructions are carried out the congestion gradually will be relieved and car shortages ended, commission members believe.

#### EMPTY CARS RUSHED

Long trains of empty cars are being rushed across the country to localities where they are needed to load coal and grain. Automobiles and luxury commodities are left waiting in the freight yards.

Movement of 50,000 empties is planned within 30 days. Approximately 20,000 are box cars routed from Eastern states to Western grain regions.

#### ALL FREIGHT MUST GO BY DIRECT ROUTE, ROADS TOLD

(By United Press)

Washington, May 21.—The interstate commerce commission Thursday ordered all railroads to deliver freight by the most available and expeditious routes without regard to routing prescribed by shippers or carriers from whom the traffic is received.

The commission acted under powers conferred upon it under the transportation act, declaring "because of the shortage of equipment and congestion of traffic an emergency exists on the lines of all carriers."

### James A. Farrell, President of Steel Corporation, Here

James A. Farrell, president of the United States Steel corporation, arrived in Portland this morning after spending two days fishing on the Deschutes river. He was accompanied by Mrs. Farrell, two daughters and a son and Mr. and Mrs. A. T. De Forest and daughter of New York. Farrell spent the day at the local office of the corporation, the United States Steel Products company of Portland.

Farrell came Tuesday from San Francisco, where he presided at the Seventh National Foreign Trade convention. The Eastern visitors were accompanied to the Deschutes by W. D. Skinner, traffic manager of the S. P. & S. C. O. Sutherland, assistant to the general manager of the O-W; Mr. and Mrs. T. D. Honeyman and Ernest R. Eldridge.

### Lumber Prices Go Down in Kansas City

Kansas City, Mo., May 21.—(I. N. S.)—Kansas City lumber dealers have joined in the price slashing campaign. A general reduction of 5 per cent was put into effect at all retail lumber yards here today.

#### Martial Law in Madrid

London, May 21.—(I. N. S.)—Martial law has been declared in Madrid as a result of food riots, said a News Agency dispatch from that city today. Many bakeries were pillaged by rioting.

### GENERAL TUMBLE IN PRICES DENIED BY WHOLESALERS

San Francisco, May 21.—(U. P.)—Annual "cleanup" sales in every section of the country are "historically being mistaken for a downward movement in prices."

This was the interpretation given today by heads of the Manufacturers and Wholesalers association, which this week is holding a "buyers' week" in San Francisco, to the telegraphic dispatches from Eastern trade centers regarding "price reductions."

Prices are not coming down, it was emphatically stated.

#### PRICES SOARED IN APRIL, SAYS LABOR INVESTIGATOR

Washington, May 21.—(I. N. S.)—Prices soared during April, according to a statement issued today by the bureau of labor statistics, a general advance of nearly 4 1/2 points in the wholesale price of important commodities being registered. Fuel and lighting materials increased 11 per cent while there was an advance of 9 1/2 per cent in food due to the high prices of sugar and potatoes. Lumber and building materials went up 5 1/2 per cent.

In only one group, cloth and clothing, was there a net decrease in April, as compared with the March price, and that was a decrease of less than 1 per cent due to a decline in raw silk and leather.

#### YAKIMA MERCHANTS NOT TO FEATURE PRICE REDUCTIONS

Yakima, Wash., May 21.—Yakima merchants will not put on sales featuring horizontal reductions of their stocks, according to a decision reached at a meeting of the trustees of the Yakima Business Men's association. They say to sell now would deplete their stocks, forcing them to buy on an advancing market and that consumers will not gain anything in the long run. They

claim they have not overbought as merchants in other cities. They will continue as they have been doing, putting on sales when special lines are cut to attract trade.

### BRISK VOTING IS PRIMARY FEATURE

(Continued From Page One)

probability, the widespread campaign and deep public interest surrounding the educational measures, and the 4 per cent road bonding amendment, have added to the general desire of the voters to cast their ballots. If the vote is more than normal, as seems probable, these measures will be more responsible for the circumstances than any other.

#### COUNTING TO BE SLOW

It will require a long and hard pull to get all the ballots counted and the totals tabulated. The Republican primary ballots are ponderous instruments, both as to the voting and the counting. Added to them are the special state and municipal ballots, which, all together, make no mean chore facing the judges and clerks of the many precincts in the city and county, and in the state at large.

Multnomah county has a registered Republican vote of 83,399; a Democratic vote of 27,918, together with 6836 miscellaneous registrants.

#### RECORD VOTE IN PROSPECT THROUGHOUT MARION COUNTY

Salem, May 21.—In spite of J. Pluvius' effort to dampen the election en-

thusiasm in this section of the Willamette valley, a record vote will be cast in Marion county today, according to indications at numerous polling places this morning. Some closely in touch with the situation predict that 75 per cent of those registered will vote today, while some predict an even larger proportionate vote, and many who failed to register at all are taking advantage of the privilege to have their vote sworn in.

Raw, cloudy weather prevails, with an occasional shower and a glimpse of sunshine to vary the monotony.

#### Heavy Vote Is Expected

Oregon City, May 21.—Clear, sunny weather marks election day here. A heavy vote is expected, as keen interest is manifest in a number of the contests.

### Cardinal Gibbons At G. O. P. Session

Chicago, May 21.—(I. N. S.)—Cardinal Gibbons, highest Roman Catholic dignitary in the United States, may pronounce the invocation at the opening of the Republican national convention here, it was reported today, following the action of the convention committee on arrangements in sending a telegram to the cardinal asking him to be present on the opening day, June 8.

#### Seattle Jitney Service Halted

Seattle, May 21.—(U. P.)—Seattle was without jitney service today. The new Jitney House law seeks to deflect some revenue into the coffers of the municipal railway.

Is Hoover a real American? His biography in June SUNSET gives the answer.—Adv.

### Magical Home Baking

If over eight thousand women called at your door and each one left an original home baking recipe, think how wonderful that would be!

The pick of over eight thousand recipes is available to you, however, almost for the asking. Several years ago this number of recipes was submitted in a prize contest. One of the conditions was that recipes should be practical, original and not found in cook books.

Some of the best-known cooking authorities of the country selected two hundred and fifty of these as being the most practical, economical and attractive recipes for home use.

This prize list was published as the Ryson Baking Book. Its effect upon the women of America was astonishing! Today over two million homes are using this national manual of baking. Two million housewives are not only learning the secret of creating original tastes for their tables, but also, through the use of Ryson, the Perfect Baking Powder, according to the modern, scientific level measure recipes in the Ryson Baking Book, they have mastered the magic of making their baking turn out just right every time. For Ryson, used according to directions, takes the "guess" out of baking.

Good baking is a valuable accomplishment. Any woman can earn the title of Good Baker. The Ryson Baking Book is a standard text book.

The new Ryson Baking Book (original price \$1.00), containing 250 practical recipes, will be mailed, postpaid, upon receipt of 30 cents in stamps or cash. Or if you will purchase two or more pounds of Ryson at once from your grocer, sending us his name and address promptly, we will mail you a Ryson Baking Book free. General Chemical Co., Food Department, 23 Broad St., New York, N. Y.—Adv.
