

## BOLSHEVIKI AND JAPANESE CLASH

Tokio, May 17.—(Delayed.)—(U. P.)—Minor clashes between the Japanese relief expedition sent to Nikolaevsk and the Bolsheviks took place on May 14, when the relief party was forced to land 126 miles from Nikolaevsk, a war office statement today said.

The Bolshevik force was dispersed and is moving toward Nikolaevsk, the statement added.

The Nikolaevsk region still is cut off from water communication by ice.

The expedition was sent to Nikolaevsk following the Bolshevik attack on that city, when the Reds found that the Japanese were cut off from reinforcements by frozen land and water and lack of communications.

In the attack which followed several hundred Japanese are reported to have been massacred. Among them was the staff of the Japanese consulate.

## Morocco Spent \$250,000 on Girl, His Wife Claims

New York, May 21.—(U. P.)—Olivier Morocco, theatrical producer, is alleged to have spent \$250,000 on Selma Paley, a chorus girl, according to a new suit filed in the supreme court here by his wife, Mrs. Annie T. Morocco of Los Angeles.

Mrs. Morocco now has three suits pending, two against her husband for an accounting of the profits of their joint productions and for an accounting of the profits of "Peg o' My Heart," and another against Selma Paley, asking \$100,000 for the alleged alienation of her husband's affections.

The "Peg o' My Heart" suit filed today demands an accounting of the expenditure of the profits from the popular play, which Laurette Taylor first starred in. The suit complains that Morocco "squandered" the entire profits of the play, \$250,000, entertaining the chorus girl.
