Bland Chinamen Say "We Velly Innocent," But Judge Doubts It

"Those are part of a Chinese newspaper, giving the news of the murder of a Chinese ambassador," said a Chinese witness in the municipal court Wednesday, on being shown slips of paper that Patrolmen Ragan and Meacham took for lottery tickets when they arrested Ah Lee and Ah Sing at 84 Second street, Tuesday. Another interpreter was called in.

"What do these slips say about a Chinese ambassador?" he was asked. Smiling incredulously, he shook his head. No say that," he replied. "They are a lot of Chinese words. They no make sense."

Considering the conflicting interpretations conclusive, Judge Rossmann fined Ah Sing and Ah Lee each \$50.

Ward's ORANGE-CRUSH and LEMON-CRUSH

—cloudiness

Have you ever noticed the cloudy appearance of Orange-Crush and Lemon-Crush while enjoying these rare-flavored drinks?

The reason for this cloudiness is also the reason for the unequalled deliciousness of Orange-Crush and Lemon-Crush — for it is caused by the uniform distribution throughout the drinks of thousands of minute particles of the actual fruit oil pressed from freshly-picked oranges and lemons.

The interesting process which has made this possible was perfected five years ago by N. C. Ward, and is exclusive with Orange-Crush Company. It marks one of the greatest steps forward ever taken in the preparation of soft-drinks, for it brings to you, without preservatives, the pure, delightful flavors which have made oranges and lemons the favorite fruits in every home. The cloudiness is your guarantee of genuineness, flavor and quality.

The booklet, "The Story of Ward's Orange-Crush and Lemon-Crush," gives full details regarding the making of these drinks. It shows how the delicate flavors are obtained by combining the fruit oils with purest granulated sugar and citric acid—the natural acid of oranges and lemons.

Send for this free booklet today. You will better understand why Orange-Crush and Lemon-Crush enjoy the largest sale of any fruit-flavored drinks in the world.
