

Announcement

We announce that all departments of our automobile business are now housed in our new home at Broadway and Everett Streets. This new building, representing an investment of a quarter of a million dollars, exemplifies in a substantial way our faith in the Pacific Northwest and in the lines of motor vehicles which we distribute. Here we have facilities in the way of repair service, parts supply and equipment that are unsurpassed on the Pacific Coast.

The time is not far distant, we think, when motor buyers will investigate the reputation, stability and organization of the motor dealer as carefully as they now do the merit of the cars they have under consideration.

We invite your inspection of this new plant and of the latest models of the Mitchell and Jordan Sixes and of the Jumbo Trucks, which we are now in position to properly display in our new show room, Broadway and Everett.

MITCHELL, LEWIS & STAVES CO.
PORTLAND and SPOKANE
