## "Furs Are Better and Cheaper Here Than Anywhere"

is the chief observation one hears in the Fur Salons these days. The fur sale is going in a BIG way—because shoppers who compare furs all over town end by buying at Meier & Frank's.

Our entire remaining stocks of winter and spring furs are reduced.

In the beginning these furs were marked only with a fair regular profit. Later advances in the fur market were not tacked on—we have sold as we bought. So that now while the listed reductions are not always spectacular in the paper they are quite amazing when the qualities of the furs themselves are examined.

Impossible to describe nearly all the items in the sale but we call special attention to the following:
