

DEMOCRATS WILL ELECT DELEGATE TO FILL VACANCY

The Democratic state central committee will have a full schedule when it meets Saturday afternoon at 2 o'clock in the auditorium of The Journal building pursuant to the call of Chairman C. J. Smith.

In the first place, it will have to elect a new state chairman, secretary, treasurer and what other officers and counselors it may deem necessary. Next, it will elect a delegate at large to the national convention to fill the vacancy caused by the death of Judge George T. Baldwin of Klamath Falls. The next step will be to select four alternate delegates at large.

Also, it will elect a national committeeman, Dr. J. W. Morrow, who is a candidate to succeed himself for that position, was elected by the present state central committee to fill a vacancy caused by the resignation of Will Hornbrook from the state and his subsequent resignation. Hornbrook was elected by the voters to serve until 1922, and the election of Saturday will fill the remainder of the term. So far as reported, there are no candidates, other than Dr. Morrow, for the position.

It is expected that there will be more than ordinary interest manifested in the election of the delegate at large to fill the Baldwin vacancy. John L. Shuyleman was the fifth high man in the recent primaries among the candidates for delegate at large, and is contending that this entitles him to election by the state central committee. There is a good deal of opposition to his selection, however, though whether this will materialize in sufficient strength to bring about the election of some other person is not certain. It is understood that Shuyleman intends to appear before the committee in person in support of his demand for election.

30 Are Admitted to Citizenship; 15 Are Veterans of War

Thirty persons, 15 of them soldiers, were made citizens of the United States Thursday by Federal Judge Charles Wolverton. Seven more persons had previously declared their intention of becoming citizens, but failed to appear in the courtroom. A few more asked the court to grant them one or two more months in which to study the English language. Their requests were granted.

Examination of the candidates occupied the greater portion of the day. The ex-soldiers admitted to citizenship are: Fernando Lopes da Costa, Tommaso di Fabbio, Carl Benson, Gust Melitadis Pollas, Enrico Martini, Costa George Pariza, John De Meco, John Alline Strong, Andrew Heeb Jr., Norman Edward Potter, Harry Edmund Parsons, Sidney Robert Payne, Edward Verburz, Sigfred Jensen and Marcel Eriksen.

The civilians admitted are: Jaako Tapanainen, Giuseppe Rizzuti, Martin Flurry, Per Arjk Edmark, Carl Johan Anderson, Johan Alfred Peterson, August Johnson, William Andrew McCollum, Olav Hauge, Christian Wilhelm Christensen, Bruno Paul John, Arthur Stanton, Alfons Wladislaw Wrubiewsky, Julius August Wilhelm Kuehn and Wilhelm Rittel.

Mother Says She Was Not Allowed To Decorate Grave

When Mrs. Harriet Billup climbed the hill to Riverside cemetery on Memorial day to place flowers on the grave of her sailor-son, she was driven away by her former husband, according to suit filed Thursday.

The son, Delmar Hall, died at Goat

Island training school last January in his sixteenth year. Mrs. Billup was sick herself when the body reached Portland, and though complete custody had been given her by the courts after her divorce from George A. Hall in 1904, she was forced to let her divorced husband receive the body and give it burial.

Spruce Corporation Sales Policy Does Away With Bids

Washington, June 18.—(WASHINGTON BUREAU OF THE JOURNAL.)—Colonel O. Westover, connected with the office of General Menoher, air service director, has informed Senator McNary that his department has reversed its policy of selling sawmills, railroads and other property of the Spruce Production Corporation under sealed bids, and now believes the sales should be made by negotiation with purchasers, to insure their continued operation and public benefit in localities in which they are operated and to promote quick disposition.

This apparently opens a way to new negotiations on the Yaquina Bay properties, for which the port of Newport and William J. Walsh were bidders.
