

COX AND HITCHCOCK TICKET SUGGESTED BY THEIR BACKERS

By J. Bart Campbell
San Francisco, June 24.—(I. N. S.)

Cox and Hitchcock. That was the ticket tentatively agreed on at an early morning conference today between supporters of the presidential boom of Governor James M. Cox of Ohio and adherents of Senator Gilbert M. Hitchcock of Nebraska.

While Hitchcock's name as a presidential candidate would be presented to the Democratic convention, the senator was willing to accept second place if a man he favored were nominated for president, Earle B. Gaddis of Omaha, the senator's secretary, said.

Hitchcock is not coming to the convention, Gaddis announced. Beyond that Gaddis would not permit himself to be quoted, but others of Hitchcock's friends allowed it to become known that despite the senator's absence his feud with William Jennings Bryan would be carried to the convention floor.

Hitchcock favors a "liberalization" of the Volstead act. He also stands for a ratification of the treaty of Versailles and the League of Nations covenant without "nullifying" reservations. In that respect, his friends pointed out, he is in complete accord with Governor Cox.

WOULD BLOCK DRY. The coalition between the Cox and Hitchcock forces could be regarded as another move to block Bryan's avowed determination to carry the "wet" and "dry" and the league issues to the floor of the convention. If he were unable to have his way in the framing of a platform by the resolutions committee, it was explained.

Bryan will be chosen Nebraska's representative on the resolutions committee, even his Nebraska opponents concede. He will be elected to the committee by a vote of either 10 to 6 or 9 to 7, it was said.

Japan Lays Down Law to Russians; Massacre Angers

By Charles Edward Hogg
Shanghai, China, June 23.—(Delayed.)—(U. P.)—Following the murder of three members of the Vladivostok government by Semenov outlaws, the Japanese authorities there have issued a

decree enforcing stringent regulations, according to a dispatch from Vladivostok today.

The regulations include members of the Russo-Japanese commission which is investigating the situation in Siberia.

The regulations apply particularly to Russians living in Khabarovsk, on the railway from Vladivostok to Nikolaievsk.

Russians are commanded, according to the dispatch, not to harm Japanese and to disarm. The decree asserts the unqualified right of the Japanese to arrest Russians. Open air meetings are banned. A censorship is imposed on mail and telegrams.

The decree constitutes an arbitrary nullification of Russian authority, according to the dispatch, and members of the Zemstvo and far easterners are protesting.
