

Powers' Great July Clearance

This Big Event Starts Off

in Full Swing Tomorrow

Tomorrow morning we open what will be without question the most remarkable furniture sale held in this city in recent years. It will include furniture of every description from the most moderately priced to the very finest, bearing special price reductions, which make its purchase at this time an opportunity not to be overlooked.

Reductions From 15% to 40%

This sale is not because wholesale prices are lower, for as a matter of fact, furniture prices are advancing and will continue to advance for some time to come. However, on account of freight embargoes in eastern markets, furniture manufacturers are making shipments of merchandise to western territory and, as a consequence, goods which were ordered for fall delivery are now being received.

These Special Prices Are Necessarily Cash Only,

In spite of advancing costs, our original prices are low, because they are based on the old figures. We have never advanced prices to keep pace with the replacement cost. Consequently our original prices are now from 10% to 30% under the market.

Reductions From 15% to 40%

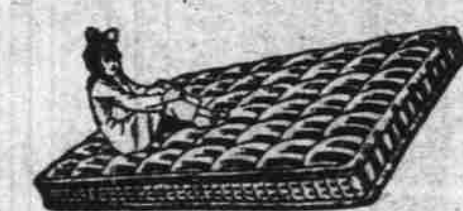

This creates a congestion in both show rooms and warehouse which must be immediately relieved, and on account of which we have arranged this sale. You may now purchase at Powers', furniture of the higher grades at prices which heretofore have not been possible.

or May Be Charged on 30 and 60-Day Accounts
