

JUNE RISE MISSES LOWER DOCK FIRST TIME IN 35 YEARS

For the first time in 35 years the June rise has not covered the lower docks at Portland. Not a pound of freight had to be moved and basements in the business district of the city have been free from water.

The Willamette, Columbia and Snake rivers are falling. The Willamette at Portland receded 3 1/2 feet last night and twice that drop was reported from The Dalles. The upper Columbia is falling above Wenatchee and the danger of flood stage has passed.

Snow in quantities to produce a flood is an annual condition but flood conditions depend on weather. Cool weather this season carried off the snow water gradually and flood conditions were prevented.

The top of high water this season was 14.3. The highest flood stage recorded at Portland was on June 7, 1924, when official figures gave the reading at 32.5. During that flood period skiffs went around the corner of the Perkins hotel and the water line was within 100 feet of the Armory at Tenth and Couch streets.

With the receding of the flood conditions the steamer Northwestern will leave for Lewiston this evening. She has on board 30 tons of freight. The Northwestern attempted the trip last week but was unable to make the crest at Sheridan point in the Cascade rapids. She made five runs for it, but was unable to make the ridge.

Hugh Brady, dean of the waterfront, tells of placing a card on the top of a fire box at Front and Couch streets as a marker for the crest of the flood in 1884. The water reached the card at the crest.

STEAMSHIP EL CAJON TO CLEAR TODAY FOR BALBOA

Carrying 6500 tons of flour, the steamship El Cajon will clear this afternoon for Balboa for orders. Des-

ination is the Continent, but whether the United Kingdom or Mediterranean port is not announced. The El Cajon will be dispatched by the Columbia-Pacific Shipping company. Winding up the month in cereals, the steamship Fort Wayne will clear tomorrow. Both in tons and value the June exports will break all records for Portland and the Northwest. It is estimated that the value of grain exports foreign will run close to \$17,000,000.

BROOKS STEAMSHIP FIRM TO BUY 25 WOODEN SHIPS

The Brooks Steamship company has completed negotiations with the shipping board for the purchase of 11 wooden vessels. The board on May 20 authorized the sale of 25 wooden vessels to the Brooks company, but it was found that 15 of the available vessels had been reported as sold to the Nacima Steamship company. Of the number one, the Beechland, has been destroyed by fire. The names of the remaining 11 follow: Awendaw, Buttonwood, Bushong, Bushrod, Butte, Eyfield, Diana, Derion, Mendora, Wallowa. These vessels were all built in the Portland district, at Supple and Ballin yards and at the G. M. Standifer yards at Vancouver, Wash.

European Travel Heavy

Passenger steamships from New York to Europe are taxed to capacity, the steamship Baltic of the White Star line sailing Saturday, June 26, carried 2193 passengers, all classes. Prominent passengers in the first cabin were: Dr. Frederick Bentley of Seattle, Right Rev. F. W. Keator, bishop of Olympia, Wash.; Captain Robert Dollar of San Francisco, Thomas Estill of the Salvation Army, and Lord Dunmore of London.
