It was the first sale of its kind and scope and our Men's Furnishings Chief put all his energy and enthusiasm into it with the determination of planning similar great sales if the first proved a big success.

It was a "hummer"—every one of the 510 minutes full of action. There was more than \$25,000 worth of merchandise in the sale and most of it sold out in a day.

Every item is reduced to half or less than half its regular value. Sale begins promptly at 9:15, Main Floor. Extra salespeople. Please come early.
