

WHEAT SHIPMENTS IN JULY ALREADY AHEAD OF JUNE

Export wheat shipments for Tuesday raised the valuation of the off shore business for the month of July by \$1,215,500. Added to the export valuations for the preceding days of July the record set for the month of June has already been passed and additional cargoes for the balance of the month will equal those already dispatched.

The steamship Quilwick, Captain Oliver Rankin, with 7000 tons of wheat for Liverpool direct, cleared this afternoon. She was loaded by Kerr-Gifford and dispatched by the Columbia Pacific Shipping company. Immediately following was the steamship Yosemite with 6500 tons of wheat for the United Kingdom for orders.

Validation placed on the two cargoes was based on new quotations of \$2.51 per bushel. On the short ton basis this will approximate about \$45 a ton. Both steamships will get away tomorrow morning.

Shipments of wheat and flour from Oregon and Washington for the season of 1919-20 totaled 37,239,491 bushels (flour included as wheat). During the season of 1918-19 total shipments were 29,906,103 bushels on the same basis. Flour shipments have advanced during the 1920 season, and sacked wheat and bulk have dropped into second place.

The steamships Montague and West Keats are due to arrive in the river tomorrow. The former is in to the

Admiral line, and the latter to the Columbia-Pacific Shipping company. ALL ALONG THE WATERFRONT Darrell Bolland, son of Mrs. Frank Bolland, agent for the McCormick passenger service, will be a passenger on the steamer Multnomah, due to sail for San Pedro Saturday. He will take a long vacation on the water in an effort to recuperate from exhaustive work at school during the past year. The steamship Eastern Ocean is due to arrive at Portland on the fifteenth and will take grain for the Columbia-Pacific to the continent. The steamship Willamette of the McCormick fleet, will arrive up Tuesday night. She has general cargo for the Farr, McCormick company.

Among the firs on Portland heights This low, rambling bungalow, built of hollow tile, enormous living room with extra large fireplace, Dutch kitchen, two large porches, one of which is large enough for two or three beds. The house has bath and toilet, concrete basement and splendid shower. The ground consists of 1/2 acre fronting on both upper and lower drives. Both the ground and the house are in very poor condition, but the possibilities for improvement are unlimited and the price, \$4200, certainly should make this an attractive proposition, and we think that the house alone could not be duplicated for this price. \$1550 cash, balance \$20 monthly.

New Zealand Needs Many Products Made of Oregon Lumber Oregon lumber products are in keen demand in New Zealand, according to John Hall, commercial agent of that country in Portland, and a strong movement is on foot for the removal of import duties on lumber entering the dominion from this state.

REPORTS FROM THE CARPENTERS AND JOINERS' UNION representatives of this and other labor organizations at Wellington called on Prime Minister Massey in May, urging that the import duty on Oregon lumber be removed. The shortage of housing is severely felt by working men in New Zealand and the labor organizations not only ask the removal of the 8 per cent duty now charged on rough lumber from Oregon, but also urge that exportation of lumber from their own country be prohibited.
