

## CHICAGO STRIKES MAY SPREAD; CAR SERVICE CRIPPLED

Chicago, July 16.—(U. P.)—Chicago surface lines struggled today to maintain a skeleton service while rumors of further crippling of transportation facilities here flitted about.

Officials of the Chicago surface lines promised 50 per cent normal service today. They anticipated conditions would steadily improve.

With power plant manned by loyal workers, current for 1000 cars was available early today.

Reports were that 1500 track workers employed by the surface lines would strike in sympathy today. The strike decision was said to have been reached at a meeting early today. Efforts to hamper efficiency of elevated lines also were reported. Officials of the elevated system, however, said they had nothing to fear.

Chicago struggled to work in much

the same fashion as on the first day of the strike. Trucks, antiquated vehicles, elevated lines and suburban railroads were crowded to capacity.

Additional service on elevated lines and railroads was provided during rush hours and aside from an uncomfortable crowding there was little inconvenience.
