

OREGON DENTAL ASSOCIATION TO OPEN 27TH MEET

Week Long Session of State Order of Dentists to Open Monday at North Pacific College.

The Oregon State Dental association will open its twenty-seventh annual meeting at North Pacific college Monday, and continue through the week. Professional men from Oregon, Washington, Idaho and California will attend, and prominent dentists from all over the country will give post graduate courses.

Among the latter are Dr. Weston A. Price of Cleveland, Ohio, who will give a course on "Dental Diagnosis and the Relation of Oral Infections to Systemic Diseases"; Dr. E. T. Tinker of Minneapolis on "Inlays, Fixed and Removable Bridges"; Dr. A. W. Wray of San Francisco on "Pyorrhea"; Dr. Arthur E. Smith of Chicago on "Block Anesthesia and Oral Surgery"; and Dr. John E. Gurely of San Francisco on "Some Realities of Modern Science."

CLINICS HELD DAILY
Clinics will be held daily at various dental offices in Portland. Morning, afternoon and evening sessions will be held. Among the features of the meeting will be an exhibition of more than 5000 feet of moving picture film showing minute and detailed technique of nerve blocking.

A number of entertainment features have been planned, including daily lunches at the College Inn and a trip up the Columbia highway on Saturday, with a box luncheon at Bonneville park.

The general business session of the association will be held Friday afternoon. Among the local dentists scheduled for papers during the week are Dr. W. C. Shearer, Dr. Harry M. Henderson, Dr. W. Claude Adams, Dr. R. F. Banks, Dr. J. E. Rose, Neil L. Zimmerman, Frank Walgamot, Frank Milnos, Byron Loomis, Oliver C. Garrett, Witham, Herbert C. Miller, Lief Underdahl, Lucile Sickler, Carey H. Jenkins, Eugene Vaughn, George Barrett.

OFFICERS ARE NAMED
Officers of the Oregon State Dental association for the present year are: Dr. F. W. Hollister, president; Dr. W. C. Shearer, secretary; Dr. Clyde Mount, vice president; Dr. Joseph L. Barber, editor; Dr. C. F. Lauderdale, treasurer; executive committee, Drs. Fickert, Rose, Jones, Robinson and Weeks.
Component societies participating are the Willamette Dental society, Portland District society, Marion-Polk-Yamhill Dental society, Lane County Dental society and Clatsop County Dental society. Members of the program committee are, Drs. J. C. Jones, M. C. Holbrook, O. H. Ferris, Lyle Baldwin, J. C. Young. Members of the entertainment committee are Drs. E. C. McFarland, J. H. Tuttle, M. Lake, Clyde Mount and O. T. Wherry.

Fuel Oil Shortage May Compel Use of Steam at City Hall

Because of the refusal of the oil companies to enter into any contracts to supply fuel oil after September 1, the city hall will probably have to use steam for heating purposes next fall.

Oil is used in the city hall furnaces. Inability to secure this fuel means conversion of the fire boxes and the use of some other combustion. There is no space at the hall for storage of a large amount of fuel. The boilers, on, have been in use for many years and have virtually been condemned.

The city commissioners met with representatives of the oil companies Tuesday afternoon and went over the fuel situation. Later in the day they will meet representatives of one of the general steam heating plants and discuss the matter of connecting with its steam lines that pass down Fifth street, in front of the city hall.

City Commissioner S. C. Pier declares the hall can be heated for about \$2200 a year less than the present cost with its own plant. The cost of converting the system will amount to about \$1500. This will not include the expense of electrifying the city hall elevator, which has hydraulic equipment, the power coming from the steam plant.

Stokers Ask Switch In Service Classes

The stoker on a fire engine occupies an entirely different position from that of stoker on a fire boat, according to the municipal civil service commission and the council was requested last week to abolish the position technically known as "stoker, fireboat and fire engine," and create two jobs instead. For the boats the position will be known as "stoker, fireboat," and for the engines, the man on the job will be known as "assistant engineer, fire engine." The positions have nothing in common, the commission avers, but men take the same examination for either place. The commissioners want separate examinations.

College Shops Are to Get More Equipment

Oregon Agricultural College, Corvallis, July 17.—Preparations are being made to put in additional lathes and other machinery in the college shops to equip them to care for from 25 to 30 students instead of 15. New anvil blocks numbering 23, made by students, are being installed in the blacksmith shop.
