HEARD ALEXANDER COX PLEDGED TO BE WILSON

White House and Democratic Nominee Found in Full Accord After Hour Conference; League to Be Made Paramount Issue.

By J. Bart Campbell Washington, July 19.—(I. N. S.)—All of the political power and influence the Wilson administration can muster is to be thrown behind Governor James M. Cox of Ohio, Democratic nominee for president, it was stated in White House circles today.

The statements issued by the two men after their Sunday conference at the White House to the effect that they had found themselves in complete accord, did not surprise official Washington. The knowledge that the White House had been in almost constant communication with the Ohio governor prior to his visit to Washington—and that the president and the man who aspires to succeed him had found themselves in agreement before they met—prepared official Washington for the statements.

Cox left Washington after his conference with President Wilson and other administration leaders with definite assurances that he would receive the full support that all the far reaching political machinery could give him.

WILSON WELL PLEASED

It was permitted to become known at the White House that the president was extremely pleased with the Democratic nominee, both personally and because of his expressed willingness to accept the president's wishes for the United States entry into the League of Nations.

SECRETARY COLBY EXPRESSED HIMSELF AS BEING QUITE ENTHUSIASTIC ABOUT COX WHO, HE SAID, HAD REMINDED HIM IN MANY WAYS OF THE FORCEFUL PERSONALITY OF THE LATE COLOMBO ROOSEVELT.

Secretary Colby expressed himself as being quite enthusiastic about Cox who, he said, had reminded him in many ways of the forceful personality of the late Colonel Roosevelt. The former Progressive Republican leader had not met Cox before. He explained his "great interest" in the Ohio governor as follows:

"I know of none," the judge answered. "You should have thought of your family before you stole the automobile."

Griffin, a deserter from Camp Lewis, pleaded guilty to stealing an automobile in Tacoma a short time after he left the camp.

ROBBERY IS ATTEMPTED

He drove the machine here and attempted to rob a grocery store at Bartha station. The owner frightened him away after firing two shots. Early the following morning a police officer arrested Griffin for violation of the after hours ordinance. Confession of the other offenses was afterward secured.

Three Killed When Seaplane Crashes At Coeur d'Alene

Coeur d'Alene, Idaho, July 19.—(U. P.)—Three persons were instantly killed here late Sunday when a seaplane piloted by Lieutenant C. C. Miller crashed into the beach of Lake Coeur d'Alene. Beside Lieutenant Miller, who came from Pullman, the dead are: Gust Erickson, 30, Bonner, Idaho, and Edna Savage, 30, Kellogg, Idaho. Erickson is believed to have ignited the gas. All the dead are foreigners.

Blind Man Ruled Off City Streets Demands County Pay \$150 Month

Walter Courter, a blind man who sold pencils on the streets of Portland, and who was ruled off the streets by recent action of the city council in ridding the streets of mendicants, was before the county commissioners, with his family of five children Monday morning. He demanded an allotment of \$150 per month from the county funds or that he be permitted to go back to his pencil selling. The commissioners gave him a temporary allowance of \$35 and referred the matter to the public welfare commissioner for investigation.

ASKS \$150 A MONTH

Courter, decidedly antagonistic in his attitude, said that he had been getting from \$3 to \$6 daily with his pencils on the streets, and that he must have at least \$150 a month "to live like white folks."

Commissioner Hoyt said he thought Courter's estimates of necessary outlays were somewhat high. "You say you need 12 shirts a year and the boys need the same number," said Hoyt. "I can make out with four or five shirts a year myself."

"Yes, but what about work shirts and Sunday shirts?" was Courter's reply. ALL WORK SHIRTS

"Mine are all work shirts," said Hoyt. Commissioner Muck wanted the commission to send a request to the city council, asking that Courter be permitted to go back on the streets. Hoyt opposed this, declaring his sympathy with the movement to stop begging and that the city or county should take care of such cases as Courter's not make a living in some other way.

Courter has had instruction at a state institution, but is unable to make a living, for want of work, he said.

ANFU FORCES ARE DEFEATED IN CHINA

Washington, July 19.—(I. N. S.)—The forces of General Tuan Chi-Jui, leader of the Anfu forces in China, are retiring towards Peking, according to cable advices to the state department today from the American legation at Peking.

Tuan Chi-Jui, former Chinese minister of war and now leader of the Anfu forces, is reported to have ordered his men to retreat in fighting not far from Peking. His forces are reported to have been flanked by the army of General Wu Pei-Fu and driven back to Mantoukou with serious losses.

Wounded are arriving in Peking in large numbers. The dispatch to the state department declared:

CONSULS COMMITTEE SEEKS TO STOP FURTHER FIGHTING

London, July 19.—(I. N. S.)—A committee of consuls from Tien Tsin has entered into negotiations with Chinese troops at Peitang-Tao, six miles from Tien Tsin, in an effort to prevent fighting in Tien Tsin, which would endanger the lives of foreigners, according to an Exchange Telegraph dispatch from Tien Tsin today. The consuls invoked provisions of the old Boxer protocol and requested that Tien Tsin be regarded as a noncombatant area.

City Plants to Save Taxpayers \$2000 on 20th Street Work

After taking the improvement for \$24,960, or nearly \$600 less than the bid of the lowest competitive contractor, the city municipal paving plant will save the property owners along East Twenty-sixth street more than \$2000 under the contract price, City Commissioner A. L. Barbur announced Monday.

The new street was recently paved from Sandy boulevard to Hawthorne avenue. The cost account has now been completed and it was found that the job had been done for \$22,800 in round figures more than \$2000 under the contract on a pro rata basis accordingly.

R. S. Dulin, superintendent of the municipal paving plant, not only did a record job in fast construction, but he laid the top at 91.36 cents a yard. Base and wearing surface costs were about \$1.40 a yard.

Two Homers by Babe Today Make Record Of 31 for the Season

New York, July 19.—(I. N. S.)—Hamburo Ruth, king of swatmen, shattered his 1919 home-run record today and established a new world's home-run record when he hammered out two four-batters in the second game against the White Sox today. Ruth hit his first in the fourth inning and repeated the circuit in the ninth. He has now hit 31 home runs to date.

8 Men Are Killed In Mine Explosion

Pittsburg, Pa., July 19.—(I. N. S.)—Eight men were killed in an explosion of gas in the coal mine of the Union Collieries company at Renton, near here today. A spark from an electric switch is believed to have ignited the gas. All the dead are foreigners.

CREWS ARE SCORED; SHAMROCK'S LAZY; SPIRIT IS LACKING

"A smashing twenty mile breeze"—that gives a smile to James B. Connolly, in the third of his splendid series on the international cup regatta, when they go out on the water. He says, they lash themselves to the rigging. That's why the Shamrock is sailing at the "smashing" twenty mile breeze which schismen are praying for next Tuesday when the big regatta goes to sea again.

By James B. Connolly (Copyright 1920 by United News) New York, July 19.—The one thing setting beyond argument in the cup race is that the Shamrock can beat the Iverna and lights out of the Shamrock going to windward in light airs. In the first race she had the green one half mile to the bad in a 15 mile beat; and after they had covered 10 miles or so in the first windward tack Saturday. Lieutenant Commander Downs of the Semmes brought his range finders and charts and parallels into action and showed where the Shamrock was about a mile to leeward; and any sailing man can tell you that is fine beating for the distance.

Another thing settled is that they need on the Shamrock someone who knows local airs and tides without looking up the coast chart book or a weather bulletin from Washington.

A most unlucky man is the Shamrock's skipper when he goes hunting for wind. Every time he broke tacks with the Resolute in the first race, he lost out; while in Saturday's race, after tacking ship for the first buoy, he found himself hung up for 20 minutes with nothing to do but flap in the dead air, and the Resolute meantime skipping on and around the buoy.

If he had but run on for two minutes or so before he came about for the turn I don't know how many times the Resolute would have sailed past him and the most discouraging half hour of the regatta.

With evidence against Canary cottage safely filed the raiding party invaded Taxicab inn, half a mile west of Rockwood, and held its proprietor, Charles Gerring, at bay while Ormand Gowand was arrested by the federal detachment and gave up the two bottles of moonshine he carried. The federal agents took Gowand's car, which is subject to confiscation.

Log inn, conducted at Rockwood by H. B. Hogg, drew attention from the raiding party when Mrs. E. Anderson, colored, and Mike Evinoff were arrested on charges of disorderly conduct. Later, upon examining the premises, George was taken into custody on similar charges. Hogg was arrested for maintaining a disorderly house.

Six of the seven persons arrested furnished bail Sunday morning. Gowand, taken exclusively by the federal agents, is held in the county jail without bail. All will be called before a district judge today for arraignment.

Three government men, six county motorcycle police and Deputy Sheriff Christensen, Sherman and Kendall participated in the triple raid.
