

The Semi-Yearly Roundup

Is a Drastic Stock-Reducing, Price-Reducing Clearance Of All Small Lots

THIS is the most radical price-slashing affair of a store-wide nature that occurs in this institution during the entire six months. Practically all the merchandise included, which is so substantially price-revised, is from our regular stocks. Therefore, one is assured of quality notwithstanding the very small prices prevailing.

WHAT is left of hundreds of lots advertised in last evening's paper will again be on sale tomorrow, and you have our assurance that throughout the store there will be wonderful bargain picking both Friday and Saturday.

Tomorrow We Will Close Out—
