

VEGETABLES ARE IN GOOD SUPPLY

String beans are very good at this time and as prices are reasonable, consumers should not lose sight of this opportunity to supply their winter needs. Both green and wax stock are being offered around 10c a pound.

Hubbard is again in the market and is selling around 10c a pound.

Cauliflower is practically out of market, but there is a very good supply of cabbage at reasonable prices. Quality the best in years.

Ice plant is coming from the Dalles and is of fine quality.

Potatoes are slightly lower and the quality is daily improving. It is not yet advisable to stock up.

Walla Walla onions have that sweet taste so many people desire, and they are very reasonable in price.

All root vegetables, carrots, turnips and beets, are in good supply, but prices remain high and are not likely to go much lower.

Dalles tomatoes are coming forward more freely and are daily dropping in price. This is one commodity that consumers may expect to get at very reasonable prices for canning this season.

They'll Want Pancakes, of course—

Fluffy, crispy-brown FISHER'S PANCAKES, frying-pan size, will certainly appeal to the inner fisherman.

EVERYBODY HAS A CAMP APPETITE. They all vote for PANCAKES. Nobody wants to wait for supper.

They won't have to wait when there's FISHER'S PANCAKE FLOUR in camp.

FISHER'S PANCAKE FLOUR is a scientific combination of buckwheat, wheat, corn and rice, with the exact amount of rising needed to make perfect PANCAKES and even a bit of corn sugar to make a crisp, brown crust.

The sweet powdered milk is mixed right in to save you adding fresh milk. You just add water from the nearest spring and the batter's ready for the frying pan.
