

JOURNAL PLANE DELIVERY HAS 8 WEEKS' SUCCESS

Eight weeks of 100 per cent successful seaplane delivery of The Journal.

That is the record to be rounded out Tuesday afternoon when Pilot Fred Du Puy of the Oregon, Washington & Idaho Airplane Company "hops off" the Willamette on the forty-eighth consecutive trip from Portland to the coast.

Outdistancing all competition in the delivery of the latest news to hundreds of readers, the speediest delivery in the history of newspaper publication has proved itself under every flying condition through every variety of weather.

HOURS AHEAD OF OTHERS

Hours before other means of delivery have placed papers at Seaside and Astoria, The Journal has been in the hands of its readers at the seacoast every day.

Monday afternoon Pilot F. B. Harding carried The Journal cargo to Seaside as well as to Astoria, which has been made a regular delivery stop on The Journal's route to the sea. Harding left the basin at Lewis and Clark field at 2:15 p. m. in a Seagull plane and alighted in the river at Astoria at 3:50, 1 hour 35 minutes after the hop-off.

Boats were awaiting the plane, in the absence of the often promised Astoria skidway, and the papers were rushed to newsboys on the streets of Astoria. Harding raised from the water again and headed for Seaside. He put into the Necanicum at 4:05 p. m.

DEAD CALM DELAYS HOP-OFF

A dead calm on the river at Portland occasioned a slight delay in the hop-off, but once in the air, Harding reports, weather conditions were excellent. Bridges, Tuesday, made his first flight to the coast in more than a month. He has just returned from a 25 day visit at Coos Bay points, where he has carried passengers and made exhibition flights.

The eight weeks of The Journal's delivery service have seen some mighty interesting performances in aviation. Encountering almost every variety of weather and every possible air condition, pilots of the O. W. I. company have defied it all and have flown in spite of any handicap, day in and day out.

The Currier's E-boat, reserved for The Journal service, has been augmented from time to time by the big Seagull

planes and every pilot in the company's employ has been trained over the route. On clear days with favorable weather the trim little E-boats have developed a speed of 100 miles an hour, although the average, through all kinds of weather, is from 75 to 80 miles an hour. For average flying, 3500 feet has been high enough for The Journal planes to climb, but on occasions, such as last Saturday, for instance, the pilot has taken his ship up more than a mile into the clouds. On Saturday the air was especially bumpy and Pilot Jack Chambliss sent his ship up 5500 feet going over Astoria.

The Journal plane has never made a forced landing, has never encountered any insurmountable difficulty of any kind and throughout eight weeks of uninterrupted service has delivered its cargo every day except Sunday hours ahead of any other Portland afternoon paper.

Warren Brown of Prineville was a passenger on the seaplane to Seaside Tuesday afternoon.

Ponzi Investors in Big Run on Office To Get Money Back

Boston, Mass., Aug. 2.—The worst run which Charles Ponzi, "get-rich-quick" financier, has been called on to face, started today. More than 1500 note-holders, anxious to get their money back, lined up outside the Pic alley entrance to the office of the Securities Exchange company. A detail of police officers was on hand to keep the crowd in a long line, which extended out to City Hall avenue, and was constantly increasing.

A cheer went up from the waiting men and women when the doors were opened shortly after 9 o'clock and the first group of 10 or 15 were allowed to enter. Payments were resumed as usual. Ponzi himself was not on hand at the opening of the office but the disbursing clerks were as confident as ever that he would fully be able to meet all demands.

It was announced that Ponzi intends to reopen for regular business on Thursday, having notified one of his branch managers to that effect. This decision was made, it was stated, when the audit of the books of the company failed to show anything criminal and the post-office inspectors were also unable to find anything illegal.

LIEN HAS DIVORCE CASES

* Albany, Or., Aug. 2.—That she took advantage of his illness following an operation to keep company with other men in the charge made by Nathan L. Grant, who is seeking a divorce from Laura J. Grant, both of Harrisburg. Denial is also alleged. Judge Kelly of the circuit court has granted Blanche Chance, who, the court held, had deserted the plaintiff and run away with A. V. Holgate, Lincoln county man.

The divorce petition is 15 pages in length and alleges cruel treatment on the part of her husband which began, according to the complaint, about a month after their marriage in November, 1918.

MRS. CHAPLIN STATES SHE WILL RETURN TO "LEGIT"

New York, Aug. 2.—Simultaneously with receipt of advice from Los Angeles that her attorney had filed suit for divorce for her Mrs. Mildred Harris Chaplin, wife of Charlie Chaplin, announced that she intends to desert the movies for the legitimate.

Mrs. Chaplin is reported as charging the famous film clown with cruelty. She refused to discuss the case at all but said of Charlie: "He worries and frets all the time. He worries about his income tax, about his bills, his contracts, about everything. Besides that, he's an artist, a real one, and you know all artists have temperaments. I'm temperamental myself. But he's just naturally erratic."

America Becoming Market to Supply Husbands to Europe

By Ralph F. Conch

Washington, Aug. 2.—America, only nation in which men outnumber women, now is supplying husbands for women of Europe, where there are not enough males to go around, reports to the immigration bureau.

Approximately 434,000 persons, mostly men, sailed from the United States in the year ended with June, according to reports to Commerce secretary General Caminetti of the immigration bureau.

"Large numbers of the men left to get married," said Caminetti.

Furthermore, single European women and women widowed by the war are rushing to the United States in the hope of securing husbands, reports indicate.

"A majority of the immigrants to the United States are women," Caminetti said.

Mrs. Orpurd Dies At Cottage Grove

Cottage Grove, Aug. 2.—Mrs. L. F. Orpurd died Monday morning at 7 o'clock from acute Bright's disease. She had been a resident of Cottage Grove the last 20 years. She was born in Stamford, Ind., January 9, 1863. Her maiden name was Lillie Emma Jones. She was married to L. F. Orpurd in Missouri in 1878. Two children, Hattie and Elizabeth, were born to this union. Hattie is Mrs. Harry Hart of Cottage Grove and Elizabeth was Mrs. Charles Cochran of Cottage Grove at the time of her death about one year ago. She leaves, besides her husband and daughter, three sisters, Mrs. Jack Lewis of Cottage Grove, Mrs. William Conner of Salem, Mrs. E. B. Easley of La Plata, Mo., and one brother, J. I. Jones of Cottage Grove. The funeral will be held Wednesday from the Methodist church of which she was a lifelong member, Rev. Simpson Hamrick officiating.

Brownsville Has Paving Litigation

Brownsville, Aug. 2.—The city of Brownsville, through its attorneys, Judge Victor Olliver and Messrs. Weatherford & Wythe, have started a fight in the case of the property holders at Brownsville, who are against paving, and the city council, which is employing L. O. Harrold, contractor, to pave the principal portions of Main street and Spalding avenue. These attorneys for the city have filed a demurrer in the circuit court in regard to the petition of 20 Brownsville citizens asking for an injunction. The demurrer contends that the court has no jurisdiction in the matter, and further that the allegations set forth do not contain grounds for cause. The petitioners are Hewett & Sox, attorneys for the petitioners who do not want paving, contained names of objectors living on the two streets in question.

PREMIER TAUNTED FOR HIS CHANGE IN GERMAN POLICY

London, Aug. 2.—(United News)—The government was subjected to a storm of bitter criticism in Monday's session when it was called upon to make good its 1918 election pledges to "make Germany pay."

Lloyd George was taunted with having consented to a change of policy regarding the delivery of coal to the allies by a conquered Germany, an accusation he indignantly denied on the grounds that the new proposal to Germany constituted good business.

He contended it will be good business to advance Germany the money to feed the population, which he said was receiving but 60 or 70 per cent of the pre-war ration.

Britain, the premier explained, would receive a 10-fold return, since under the Spa agreement she is to receive the proceeds from the sale of enemy ships. It amounts to only 20 pounds a ton, it means forty millions, he added.

The criticism was started when Sir Worthington Evans introduced a measure authorizing the appropriation of £5,000,000 as England's share of the allied loan to Germany, to be made in return for coal deliveries.

Evans stated Great Britain would not receive a single ton of coal, but had agreed to provide 24 per cent of the total loan in the interests of allied good will. Lord Robert Cecil declared the loan arrangement indicated the reparations clause of the treaty is unworkable in some respects and difficult to justify. Several speakers taunted the premier with the remark "Make England pay."

The house, however, eventually passed the bill.

Disobeyed Rules; Privileges Revoked

Salem, Aug. 2.—Because Louis Davis, doing a life term in the state prison, here for the alleged murder of his mother-in-law, failed to observe prison rules the trustee privileges which he has enjoyed for the last four years were revoked by Warden Compton last night. Davis, who was supposed to keep within certain limits about the prison, was found yesterday afternoon visiting with a family in Salem without permission. He was sent up from Polk county in 1913.

LOCKLEAR KILLED DOING DAREDEVIL STUNT FOR MOVIES

Los Angeles, Aug. 2.—(I. N. S.)—Lieutenant Omar Locklear, daredevil air pilot whose stunts of leaping from one plane to another in mid-air have thrilled thousands, is dead today. His plane crashed from a height of 2000 feet late last night while he was engaged in night flying for the movies. With him died Lieutenant Milt Elliott, his pal and pilot in all his hair-raising stunts.

Hundreds of persons, including many movie stars, witnessed the death of the daring pair. Their plane fell in a straight nose dive like a flaming meteor from a dark sky. A few minutes before, Locklear had been setting off a great pyrotechnic display, shooting rockets and lights high in the air.

According to flyers who witnessed the tragedy, Locklear's plane appeared under control at all times. It is believed that both men became blinded by the glare of the fireworks and thus misjudged their distance from the ground so that the crash came without their realizing their danger.

The spectacular drop was filmed by several cameras.

Teachers Chosen for Cathlamet Schools

Cathlamet, Aug. 2.—With the exception of those for the primary grades, teachers for the coming year have been secured as follows: Principal, high school, E. F. Cutting; assistant principal, Marjory Pierot; seventh and eighth grades, T. M. Bowman; intermediate, Mrs. Phoebe Olson, Maud K. Butler. The county superintendent will resign in September to take a position as teacher in the advanced grades at Oting, Wash.

The board of equalization, composed of County Commissioners R. Buswell, T. Richards and J. Johnson, Treasurer W. W. Head and Assessor G. F. Hanigan will meet this week to equalize the 1920 assessments.

Poultry Meetings Being Held This Week Are Popular

The series of poultry meetings being held in Clackamas county this week are proving very popular. The meetings are under the direction of County Agent R. G. Scott, with Professor Crosby of the Oregon Agricultural college as demonstrator and instructor.

On Wednesday, August 4, a culling demonstration will be given at the Jacobson place in the morning and at the Jacques place in the afternoon. On Thursday, August 5, a meeting will be held at the Harry Cook place, Milwaukie, at 9:30 a. m. where culling demonstrations and instruction will be given. These meetings are open to anyone interested.

The Beaverton Commercial club is taking an active interest in the poultry industry. The members are endeavoring to encourage in their section. The club will devote its meeting Wednesday evening, August 4, to the consideration of ways of encouraging the raising of more poultry about Beaverton.

CHAPLIN TO PLAY DEFENDANT'S ROLE IN DIVORCE SUIT

Los Angeles, Aug. 2.—(I. N. S.)—Gay parties at Southern California resorts, failure to attend birthday and Christmas parties arranged for him, refusal to pay household bills, repeated absence from home until 3 or 4 o'clock in the morning and harsh criticism of her conduct, are among the acts alleged in a suit for divorce on file today in which Mildred Harris Chaplin seeks annulment of her marriage to Charles Chaplin, famous screen comedian.

The divorce petition is 15 pages in length and alleges cruel treatment on the part of her husband which began, according to the complaint, about a month after their marriage in November, 1918.

MRS. CHAPLIN STATES SHE WILL RETURN TO "LEGIT"
