GO ON THROUGH

Through passenger service will be established between Portland and Astoria by the steamer Olympian of the Northwestern Transportation company, next Monday. The boat will leave Portland at 7:10 a. m. and will make the run to Astoria without stops, using the ship channel. She will leave Astoria at 2 p. m., arriving at Portland at 7:30 p. m.

When sailing under the name of Telegraph the Olympian was rated as one of the fastest stern wheel boats afloat. Recently she has been repaired and the machinery given a thorough overhauling. On the trip to Bonneville, Sunday, she attained a max:mum speed of better than 20 miles an hour. With the placing of the Olympian in

the passenger service between Portland and Astoria, the number of vessels engaged in that traffic will be increased to seven. The Harkins Transportation company is operating the steamers Georgiana, Lurline and Undine. Cap-Willson has the steamer Astorian in daily service running opposite the Georgiana on schedule. The O-W. R. & N. company has the steamers Hassalo and Harvest Queen on the run, both leaving at night and caring largely for the beach traffic on the North Side. No advance in passenger rates has been announced for river boats to keep in accord with the rail tariff. It is also announced that the placing of the Olym-plan on the run will not reduce the pres-

ent rates and no war is looked for. MOTORSHIP ASTORIA NOW

KILLED HIS WIFE, BUT TOO KIND TO FIGHT

Olaf Anderson

Albany, Aug. 9 .- Although he has conessed that he pushed his wife into the liver and drowned her at Astoria. Olaf inderson, according to local draft board members, was too opposed to killing to fight in the United States army during the war. Anderson, who was living near Brownsville when war was de-clared, claimed exemption from the draft on the ground that he had a wife and child to support, and that he was a conscientious objector. His wife, whom he confessed to have killed, came to Albany to testify for him at that OVERDUE FROM FRISCO held at Brownsville Sunday. Rev.
