JAPANESE LINERS WILL BE PLACED FOR LOCAL CARGO

E. L. Fairbanks, president, and B. W. Wall, manager and secretary-treasurer of the Inter Ocean Trading company, arrived in Portland Saturday morning. Placing of two and possibly three Japanese liners for Portland loading is the object of their visit. The names of the steamships will not be announced until details of the charter have been completed.

Sufficient general cargo and lumber has been secured to warrant full loads from Portland for three ships for North China and Japanese ports. The Interocean Trading company loaded the steamship Hakushika Maru at Portland, the cargo being handled by the Oregon & Ocean corporation. She carried 1600 tons of steel and more than 5,000,000 feet of lumber, one of the largest cargoes ever sent out of the port.

For wheat loading early in September for the United Kingdom the steamship Minnie de Larrinaga has been posted as a new charter. She is now en route from the Atlantic side and will be due about August 28. Two others of the Larrinaga line, the Nacito and Pilar, previously announced, will load at Portland. All three will take wheat for Kerr-Gifford.

PORT TERMINAL DOCK WILL BE RUSHED ON COOS BAY

Marshfield, Or., Aug. 21.—Commissioners of the Port of Coos Bay have decided to rush the work of constructing the port terminal dock on Coos bay. The site in the north end of Marshfield has been purchased. It will require 3000 piling to build the wharf. Bids will be called for at once for furnishing the material needed.

The port is also having built at Kruse & Banks' shipyard in North Bend a dredge which will be for exclusive use inside the harbor. The port issued $250,000 in bonds to pay for the wharf and dredge.

It is estimated that these contracts raise the total valuation of tonnage now under construction here to approximately $30,000,000, with steady employment provided for 8000 workers for the next two years.

Liquid Wealth Is White Elephant; Puzzle to Heirs

Chicago, Aug. 21.—(U. P.)—Liquid wealth, hard to liquidate, was the problem today of the heirs of G. F. Griffin, who left a wine cellar valued at $19,499 (pre-war prices). The stock is valued at not less than $75,000, according to present prices.

Griffin's heirs cannot sell the wines and liquors. The cellar goes with the home. Prospective purchasers have licked their lips at the prospect of possessing the liquids, but the necessity of paying for the surrounding estate, valued at $1,500,000, has frightened them off.

The cellar has a base of 1300 quarts of Scotch and 1300 quarts of bourbon and around that is a stock of wet goods with more than a sample of almost every variety of brewery and distillery output.

Husband and Wife Run Close Race in Filing for Divorce

Oregon City, Aug. 21.—One couple was responsible for two divorce suits filed in the circuit court here Friday. George W. Morarity of West Linn brought suit against his wife at noon and two hours later the wife, Elizabeth Morarity, filed her complaint. Morarity alleges cruelty and that his wife would not allow the older three of the six children to work.

Mrs. Morarity in turn charges cruelty, asserting that her husband was drunk most of the time and had beaten her and threatened to kill her. She alleges that he gets $250 a month, but refuses to support the family, forcing the two older boys to provide for the household.

JOHNSON PREDICTS AID FOR VANCOUVER

Vancouver, Wash., Aug. 21.—Congressman Albert Johnson is numbered among Vancouver's most distinguished guests during the Elks' convention. While he asserts that he is here only for the purpose of visiting the convention from the Hoquiam lodge, of which he is a member, and that his visit has no political significance, he is attending to government business in connection with the proposed dock while here.

That Vancouver will be given a favorable decision when the river and harbor board meets here in October is Johnson's opinion. He stated that it is the desire of congress that Vancouver have a part in all Columbia river appropriations, and that he is personally anxious that the dock question be rushed to an early settlement.

Drowning Rumor Follows Wetting Of Roof of Cafe

Vancouver, Wash., Aug. 21.—A persistent rumor that several of the prominent visiting Elks had been drowned at Columbia beach circulated in Vancouver Friday afternoon. Thorough investigation and vigorous questioning of beach authorities resulted in the discovery that no drownings had taken place at the beach and none of the Elks seem to be missing.

The rumor started, it is believed, when water from two lines of hose were turned on the roof of the Del Monte cafe during the luncheon time Friday noon, jokers calling attention to "water being over the heads of the exalted rulers."

Irrigation Project Election Promises To Be Hot Contest

Baker, Aug. 21.—The election of directors of the proposed Pine Valley Irrigation district on August 28 at Halfway promises to be hotly contested. Pine valley interests placed on the ballot the names of Bruce Pancake, Willis Mitchell and Norval Greener. At a meeting in Halfway the names of J. P. Ritter, El Greener and Henry Melhorn were advanced as candidates opposed to the creation of the proposed district. It was asked by those opposed to the proposed district that the court grant to E. Gaylord and John Thayson the right to challenge all parties not entitled to vote on the question and for the directors.

Richard Moody, while returning from a trip to Wallowa lake, skidded over the grade on Minam hill and rolled about 150 feet down the side of the hill. He was accompanied by George Young of Baker and Miss Churbury Downs of Eagle Valley. The three jumped, escaping serious injury.

Alteration in Civil Service System Is Sought of Council

A measure designed to revise the civil service law and system was proposed to the city council at its meeting Friday afternoon when members of the Civil Service Employes' association, composed of municipal workers, presented a request for such action.

The association asks that the three civil service commissioners, who are now selected by the mayor, be named one by the mayor, one by the association and one by the voters. The elected member would draw a salary of $3000 a year and would bear title as secretary.

A series of proposed changes include the manner of examination of applicants for civil service jobs and changes in the matter of hearings for rule infractions. All branches of the city government, including the health bureau and city attorney's office, would be brought under civil service by the association proposals.
