AT THE COVEY MOTOR CAR CO. PLANT

"Good morning, Mr. Brown, you are out rather early."

"Why, hello, Harry. I didn't hope to be so lucky as to find you here."

"Say, Harry, give me the dope straight; Should I buy a car now or wait, say till spring or early next summer?"

"Listen to me, Brown, prices on new cars are going down just as soon as you can get the laboring man to leave his little home, his Ford car, his phonograph and respectable clothes, and crawl back into the old tenement district, where he can keep a pig in the back yard to supply his year's meat."

"Oh, I see, you don't think they are going down?"

"Do you?"

"No."

"Let me give you some advice, Brown. Buy now, right away. Good rebuilt and refinished used cars have not kept pace with the advance in price of new cars; they are way below actual value in my opinion. You can buy any car in this house from two to five hundred dollars cheaper now than next spring. There is some wonderful driving weather, still to be had this year."
