Front Laced Corsets

"A Little Better Than the Best"

COMPARE them with the corsets you think best and you will find that they have everything your best corset has and in addition they have three important exclusive features.

The Ventilo Back

Insures ventilation and prevents pressure on the spine. This is a wonderful aid to good health and comfort.

Ventilo Front Shield

LOX-IT

Perfect Non-Ripping Clasp

allows a larger range of adjustment and prevents the laces from marking the flesh—also it has two important improvements every woman will not fail to appreciate. It is a corset clasp that lies flat and holds fast, that guides the fit, comfort and symmetry of the front of the corset. It is not just an improved clasp—it is the perfected clasp.
