# DAY CELEBRATION

American Legion and Airship Company Plan Aerial Combat and Many Exciting Contests.

Airplane field day, including all sorts of air "stunts" and contests, will feature Armistice day celebration this year, according to announcement made Saturday by Victor Vernon, manager of the Oregon, Washington & Idaho Airplane company. The American Legion post and airplane company are forming a program which promises to eclipse anything given in the city hereto-

One of the big features will be an aerial combat between three planes, two attacking one. The legion hopes to give the public an idea in a small way of what a real combat in the air is, bringing to the public a realization of the many dangers American aviators faced

CROSS COUNTRY RACES PLANNED Two cross country races are also sheduled. One will be a straightaway -mile cross country and back, each plane being required to pass a certain point. The other will be a triangular race of 30 miles, each plane being required to land three times. The rules in the latter race require each aviator to touch the ground, with the plane wheels. The triangle will probably be the Lewis and Clark field, Vancouver field and Municipal field.

A landing to the mark contest, in which pilots will be required to come fown with a dead motor and land close to a given mark, will be staged. This contest will require considerable skill. Judges will also be called upon to decide in stunt flying and bomb dropping

Another feature will be a waterplane exhibition, with a parachute jump from SHAM BATTLE ON LAND

A sham battle will also be staged on and, during which time the committee will show the use of aircraft in bomarding. Medals recently awarded to regon men will in all probability be sublicly presented on Armistice day. The committee members hope to have overnor Olcott present at this ceremony. Prizes will be awarded in every contest either by the O.-W.-I. Airplane company or merchants of the city, through the American Legion.

Vernon said he expected seven or eight planes will enter the contests. His empany will not furnish planes unless necessary, leaving the contests open to privately owned machines.

This means that there is an apparent shortage in the first year's payment of abortage in the first year's payment of nearly \$7,000,000, as the centenary was pledged to raise \$23,000,000 a year for five years. A part of this shortage is due to the custom of many churches and individuals of not sending in their benevolent money until the end of the conference year. The conference year, in Oregon ends September 30. The centenary year ends June 1.

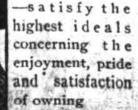

#### Auto Skids 111 Feet After Brakes Applied; Hits 4-Year-Old Girl

Rex Hopkins, 16, of Riverwood, driving a machine at Third and Caruthers streets, ran into Mary Mesher, 4, daughter of S. A. Mesher, 549 Third street, Saturday afternoon. The girl suffered only bruises on the back and slight sprains, it was learned after she had en carried to her grandmother's home

at 622 Third street. Hopkins' machine skidded 111 feet, according to the police, after he applied brakes. Patrolmen Yest and Elliott examined his brakes and found them defective. He was ordered to appear in municipal court Monday on a charge of driving with defective brakes.
