

# DIRECTOR THOMAS TO GO EAST FOR SCHOOL MACHINERY

Director George B. Thomas was authorized to make his third trip to Washington, D. C., for the purchase of machinery for the Benson Polytechnic school, upon motion made by Director Frank L. Shull Thursday afternoon. The special object of the trip is to get started to Portland some \$12,000 worth of war department machinery ordered by Thomas in the summer but not yet received, and the additional purchase of a slottery and grinder. These Thomas was authorized to purchase elsewhere should he not be able to obtain them from the war department stock.

Thomas submitted to the board a report showing that machinery ordered by him was now in use at Benson, having a total value of \$42,490, but which was purchased at a saving to the district of \$2325.29.

**TO DISCUSS BUDGET**  
The annual budget will be discussed at a special meeting Monday night. Presented to the directors Thursday it was held over upon suggestion of Director Shull, who wished time to study it. Special consideration will be given to teachers' salaries. The board will also meet on Wednesday and Thursday nights to finish budget discussion, meet with residents of Ockley Green district, consider purchases of property and other important business. Grade teachers have been asked to submit their position on the proposed change of tenure law to the board before November 10.

Director Thomas protested against the payment of double time for the repair of the roof of Kerns school injured by fire on election day, and said that closed shop rules were being observed in the school's open shop. The men, it was said, were willing to work on election day because of the emergency of protecting the building from rain, but they were told by their unions if they worked they would be subject to a fine of \$10.

**DOUBLE TIME BANNED**  
This led to double time pay. It was decided that henceforth no double time should be paid and that when union men refused to do emergency work at regular pay that other men should be procured. The fine of \$5 imposed upon principals for failure to give fire drills, was lowered to \$3 and it was decided there should be no more remittances. Upon the recommendation of Director W. F. Woodward the board decided to purchase an additional one and one half acres for the Hudson school site, thus increasing it to four acres for the assessed valuation plus 50 per cent and should this offer be rejected by the owner to institute condemnation proceedings. Resignations were accepted from M.

Doris Duncan Hill of Woodstock and Marion Richmond of Richmond school. Members of the January '21 graduation classes of six high schools petitioned the board for leather covers to their diplomas. The leather was abandoned last year because of the cost, the expense being \$1500. The petition was referred to the educational affairs committee.

## Medford Citizens To Seek Revenge Against Ashland

Medford, Or., Nov. 5.—Medford people are much disgruntled at Ashland because Ashland voters defeated the proposal to move the courthouse from Jacksonville to Medford by voting against it more than two to one, and are threatening future vengeance by opposing everything in a legislative and public way that Ashland wants. A story is going the rounds that Medford Chamber of Commerce leaders and others made an ante-election deal with Ashland leaders by which Medford

would throw votes heavily in the legislative contest to E. V. Carter of Ashland, Republican, from George A. Mansfield and E. W. Phipps, local Democratic candidates, in exchange for Ashland's support in favor of the courthouse removal measure. Medford gave Carter 1229 votes in Medford—only 12 less than he gave Ben C. Shollon, Medford Republican candidate. Ashland cast 363 votes for and 787 votes against the courthouse measure. Carter and Ben Shollon were elected to the legislature. The removal proposition was defeated by about 157 votes.

## Accused Bootlegger Faces Divorce Suit

Pendleton, Nov. 5.—Suit for divorce was brought by Anna T. Scott of Pilot Rock against Buster Scott, twice arrested for bootlegging, and lodged in the county jail. She alleges that in 1918 he appropriated the family oil stove and since that time has been making liquor for himself and for sale in the county.

## Labor Federation Pays Respects to Former Chieftain

E. J. Stack, former secretary of the State Federation of Labor, was presented Thursday night at the meeting of the Central Labor Council with an engrossed testimonial of appreciation on behalf of the officers of the federation because of his steady and faithful services for eight years. The presentation speech was made by O. R. Hartwig, president of the federation. Stack in response warned organized labor that an economic crisis was due in this country

and would require steady heads and deep devotion to bring about better conditions. The Central Labor council devoted

most of its session to a consideration of the affairs of a cooperative laundry, and a delegation of the working girls from it presented their difficulties.

"Overalls where I work get about as big a test as you can give an overall."

(Signed) Adam Diehl

# "As big a test as you can give an overall"

UP where a man must balance on iron girders, climb swaying beams, where a single false move means a helpless body dropping to the pavement 800 feet below—that's where Adam Diehl works.

"Believe me," says Adam Diehl, "it means a lot when I tell you I put on Blue Buckle Overalls every time I work on a high building. The overalls I wear have got to fit easy. I can't afford to have them pull or bind—and they've got to stand up strong under the toughest kind of wear.

"Overalls where I work get about as big a test as you can give an overall."

Like millions of workers on big jobs—on farms, in factories,

on railroads—everywhere, Adam Diehl has found that of all the overalls he's worn Blue Buckles give the fullest value—last the longest.

Long wear is woven into the tough, thick denim cloth. Every pair is always big and roomy—always comfortable. The wide, double-stitched seams will not rip. The heavy brass buttons and buckles don't rust or break. Every detail has the same sturdy, first-class workmanship, the same careful attention. Big, convenient pockets—extra wide suspenders, and free swing raglan sleeves on all the coats.

Wear, comfort, looks, you'll find Blue Buckles have them all. Ask your dealer for a pair today—Men's, Youths' and Children's sizes.

Chills and ills are at an end, WOOLEY is a bully friend, Cold is cap, storm is fair, In Lackawanna Underwear.

LIFE is a game that is best played in Wintertime by the boy, girl or babe who's clad in Lackawanna Twins Underwear. The cosy woolly fabric is porous enough for ventilation while so expertly knitted of excellent yarns as to filter the air of sting and chill.

Perfect design avoids all unnecessary strains; superb workmanship on seams, buttons and buttonholes resist the pulls and tugs that abound in healthful play of healthy youngsters. Lackawanna is pre-shrunk by the makers to render it unshrinkable in the tub. It is sterilized in live steam for utter cleanliness.

Underwear for Boys and Girls from BIRTH TO SIXTEEN

Most shops carry Lackawanna Twins Underwear in various styles and in qualities to suit every requirement of service and price.
