

# REDUCED PRICES IN ICE CREAM URGED BY CHICAGO MAKER

John Knobbe, pioneer ice cream manufacturer of Chicago, spoke this morning in The Auditorium before the fifth annual convention of the Pacific Ice Cream Manufacturers' association. He said:

"The sooner we make the price of ice cream decline the better for us. Get the price down where everyone can eat ice cream. It is the finest food product in the world."

Knobbe said that the ice cream industry was in better shape to meet a readjustment of prices than any other industry because manufacturers of this product carry no stock on their shelves. He compared the haphazard manufacturing methods of the past with present standardization and made a plea for quality.

"Give the customer the same grade the year around. Never use corn starch or any filler except a milk product," he urged.

F. N. Martin of Spokane, president of the National Ice Cream Makers' association, called for an enlarged membership of the national association. Federal legislation is affecting the welfare of affiliated milk industries, he said. W. B. Morris of Pittsburg suggested that ice cream manufacturers get on the outside of their business and look in occasionally, and named golf, fishing and numerous hobbies as antidotes against stagnation.

### S. P. Brakeman to Serve 12 Years for Robbing Passengers

Medford, Nov. 16.—In circuit court at Jacksonville today Judge F. M. Calkins sentenced David H. Bearis, Southern Pacific Railroad freight brakeman, to 12 years in the penitentiary for robbing several men who were riding on his train last September in the Siskiyou, with the aid of Clarence E. McDade and D. H. McGowan, who were given 11 years and 10 years, respectively.

### Council Authorizes Use of New Device in Street Repairs

Through a contract entered into between the city commissioners and the Asphalt Maintenance company of New York at the Monday afternoon session of the council, Commissioner Barbur hopes to speed up paving repairs throughout the city and at the same time reduce the cost from 30 to 50 per cent. The council authorized Barbur to draw up a contract with General Manager J. M. Moore of the New York concern for the use of one of that company's surface headers, a machine designed to carry its own surfacing materials as it applies the patches to the pavement. The machine is now in operation in San Francisco, Los Angeles and Tacoma, as well as in eastern and southern cities.

### Wife of Minister Dies Suddenly

The Dalles, Nov. 16.—Recovering from what was supposedly an attack of pneumonia poisoning, Mrs. G. K. Hartman, wife of the pastor of the United Brethren church here, died suddenly Sunday. Mrs. Hartman was taken ill following a meal about 10 days ago.

## Boy Playing at Treasure Hunting Finds \$1300 Gold

Newcastle, Ind., Nov. 16.—(U. P.)—Fifteen-year-old Levi Todd, playing "treasure hunting," dug up an earthenware jar in the cellar of his home. It contained \$1300 in gold. "Finders are keepers," ruled Judge Gaus.

## Committee Named By Mayor to Plan For Riley Lectures

Edward Cookingham, president of Ladd & Tilton bank; John F. Daly, president of the Hibernia bank and Rabbi Jonah B. Wise of Temple Beth Israel, were named by Mayor Baker Monday as a committee to arrange for Frank Branch Riley's next lecture tour of the East. The committee will endeavor to raise a fund of \$45,000 a year for three years to keep Riley and his organization in the East seven months of each year. The appointment was made in response to the request of a committee of business and professional men who assembled a week ago at the call of W. J. Hofmann, president of the Pacific Northwest Tourist association. The tourist association has been sponsoring Riley's tours but will be without funds to continue his work until after the legislative sessions of Oregon and Washington and the meeting of the British Columbia parliament.

## Hermiston Store Is Robbed of Money, Clothing, Blankets

Hermiston, Nov. 16.—The store of the Hermiston Produce and Supply company was broken into Sunday morning and robbed of about \$500 worth of goods and money. The thieves secured \$45 in money, men's clothing and blankets. This was the first store robbery Hermiston has had in several years.

A crew recently completed the topographic survey of the McKay creek reservoir and dam site for the Greater Umatilla project, under the supervision of Engineer E. I. Davis. A board of appraisers has been appointed and appropriation for this work is expected to be made at the short session of congress.

## Building Inspector Lotspich to Resign

Lotspich of City Building Inspector Plummer's office, will resign December 1 and will immediately thereafter depart with his family for Modesto, Cal., where he has purchased a fruit orchard. Lotspich says he intends raising fruit the remainder of his days. He will be succeeded as chief inspector by his assistant, C. L. Thornton, who has also been with that department more than 10 years.

### Divorce Suit Filed

Oregon City, Nov. 16.—Florence A. Savage started suit for divorce from John E. Savage Monday, charging cruel treatment.

## KELLY BUTTE ROCK QUARRY UPKEEP IS UNDER DISCUSSION

Upkeep and betterments for the Kelly Butte rock quarry, operated by county prisoners, was considered by the county commissioners this morning in its task of budget-making. In the tentative budget is an item of \$44,000 for the institution, of which approximately \$25,000 is

for proposed betterment in the rock-handling equipment. City Commissioner Barbur conferred with the county commissioners on the amount of rock which the city would be able to use from the quarry, as on this depends to a large extent the amount of equipment which will be provided. He stated that a project for the improvement of streets in a large area of the Mount Scott district is under way, with good prospects that the required number of property owners' signatures will be secured on the petitions within the ensuing two weeks. If this project goes ahead, the city would require probably 25,000 cubic yards of crushed rock from the county quarries, and the Kelly Butte supply would be available with less than a three-mile haul. Approximately 150,000 square yards of substructure for hard surface pavements is contemplated in this district improvement, said Barbur. Roadmaster William Eatchel stated that the rock rusher at Kelly Butte has a

capacity of about 150 cubic yards of crushed rock per day. During the conference with Barbur, the county commissioners urged that the city take over the 19 miles or more of paved roads within the municipality now under county control. It was tentatively agreed that the city shall inspect all such roads and indicate those which are in such condition as it will accept, also pointing out the repairs necessary to put others in condition for city acceptance.

### Another Royal Suggestion

## PIES and PASTRIES

From the NEW ROYAL COOK BOOK

THERE is no further reason for worrying about table variety. The New Royal Cook Book gives new suggestions for every meal every day. The book is so full of surprises there should never be another dull meal in the home.

**Custard Pie**  
1 cup pastry flour  
1/2 teaspoon Royal Baking Powder  
1/2 teaspoon salt  
1 cup shortening  
cold water

Sift flour, baking powder and salt; add one-half shortening and rub in lightly with fingers; add water slowly until of right consistency to roll out. Roll out very thin; put on in small pieces remaining shortening; fold upper and lower edges in to center; fold sides in to center again; roll out thin and put on pie plate.

**Custard**  
2 eggs  
1/2 cup sugar  
1/2 teaspoon salt  
2 cups scalded milk  
1 teaspoon vanilla extract

Beat eggs, add sugar, salt, flavoring and milk very slowly. Line pie plate with paste made as above, and bake in very hot oven about 10 minutes. Pour custard into the baked crust and bake in moderate oven about 25 minutes. The pie is done when a knife put in center of custard comes out dry.

Cocunut Pie is made the same way, adding 1 cup of shredded cocunut, and using only 2 eggs.

## RED CROSS Bouillon Cubes

## Blackheads are a confession

Try this famous treatment for blackheads

Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion. Rinse with clear, hot water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice. Dry carefully. To remove the blackheads already formed, substitute a flesh brush for the washcloth in the treatment above. Then protect the fingers with a handkerchief and press out the blackheads.

**"Your treatment for one week"**
