

GIVE UP GRAVITY GASOLINE TEST, ASSERTS DALZIEL

Salem, Nov. 19.—A change in the gasoline test law of Oregon, eliminating the specific gravity test and substituting therefor a provision requiring that all gasoline sold in the state shall comply with the requirements of the federal government, is recommended by William A. Dalziel, deputy state sealer of weights and measures, in his biennial report to the legislature submitted today to State Treasurer Hoff.

This legislation is necessary, Dalziel points out, to avoid a repetition of the gasoline famine with which Oregon had to contend during the last year. If the government test is not acceptable, Dalziel recommends that all specific gravity requirements be removed except that dealers be required to display signs showing the gravity test of the gasoline offered for sale, so that the purchaser may know exactly what he is buying.

Dalziel also recommends that the bread inspection work now imposed on the office of the dairy and food commissioner be transferred to his department in order to avoid the duplication of effort which now obtains. The sale of farm commodities by weight rather than by measure is also recommended in the report.

Dalziel's report shows a total of 10,223 places of business, outside of Portland, visited during the biennium by inspectors of the department. A total of

19,144 scales and 25,004 weights were inspected during the period, together with 4179 linear measures, 12,566 liquid measures and 4240 gasoline and oil pumps.

A protest against the recent increase in freight rates on lumber shipments to the East and Middle West has been filed with the public service commission by the Union County Ad club of La Grande, which asks the commission to institute an investigation into the reasonableness of these rates. The new rates, the protest sets out, have resulted in the closing down of numerous mills in the Northwest, with an attendant unemployment of hundreds of men.

The Tumalo irrigation district has filed with the state engineer's office here an application for permission to store 79,000 acre feet of water in Odell creek on the west fork of the Deschutes river and another 70,000 acre feet in Crescent lake, to be taken from the Deschutes river. The water so stored would be used for the irrigation of lands within the Tumalo irrigation district.

T. J. Ferguson of Post, Or., has made application for permission to appropriate water from an unnamed stream for domestic use and the irrigation of a small tract in Crook county.

J. B. Goodman of Dexter wants to appropriate water from Lost creek for the irrigation of a small tract in Lane county.

3 Months in Jail For Pistol Thefts

Paul Malecki, alias J. D. Baker, who was arrested Wednesday night in the clean up following the three hold-ups which led to the shooting of Jerome Palmer, was sentenced to 3 months in the county jail by Municipal Judge Rossman Thursday after he had confessed to the theft of three automatic pistols from the Armory. Malecki is a member of Company F, Oregon National Guard.

FIND MORE LOOT TAKEN FROM TRAIN

Omaha, Neb., Nov. 19.—(U. P.)—Seven more arrests were made last night in connection with the Burlington mail robbery at Council Bluffs.

A large amount of plunder and the automobile in which the robbers escaped on the night of the robbery were also recovered.

Those arrested last night are T. A. Daly, in whose chicken-house a large amount of bonds were found; H. A. Reed, a roomer at the Daly home, and five negroes, members of the family of John Bell.

This new development was brought about by the confession of Fred Porfenbarger, who was arrested several days ago.

C. H. Glenn, postal inspector in charge of the hunt for the missing bonds, said this morning he believed they would all be recovered in a few hours.

Postal authorities investigating the robbery of Rock Island train No. 7 yesterday said this morning that nothing of value was taken. The car robbed was a parcel-post storage car and contained nothing of value.

Seven Are Held for Alleged Violation Of Prohibition Law

Seven more alleged violators of the national prohibition law were arrested this morning on the charge of selling ingredients and implements to be used

in the manufacture of intoxicating liquor, following close upon the prosecution of Fred Folsky and A. Spellman in federal court Thursday afternoon.

C. T. Zirkle is charged with operating a shop for the accommodation of moonshiners and those who make their own, at Third and Yamhill streets. After a hearing before Commissioner Fraser this morning, he was released under \$500 bail.

The Basket Grocery company, 248 Alder street, owned and operated by George Celsi, N. H. McEacham, C. Rolland, A. L. Rinauvo, S. G. Marinon and John Doe, was arrested and charged with possessing and selling substances necessary in the manufacture of liquor. The bail of each was placed at \$500.

Assistant District Attorney Reames, who is handling the prosecution of these cases, has declared his intention of making a thorough raid upon all wholesale and retail establishments of this sort.

Man Who Solicited For Magazine Myth Taken Into Custody

Charged with swindling by taking subscriptions for a mythical magazine, Nathan Rouf was arrested this morning by Inspectors Swennes and Schulpus.

Rouf's alleged method of operation was to make a house to house canvass for subscriptions to a magazine called "After the War." Ninety cents was collected and instructions to forward an additional 30 cents to the publisher were given to those who "fell" for the argument. It is charged.

Reports of such swindles have been turned in and the inspectors are on the trail of several operators. This is the first arrest.

E. N. Weinbaum Returns
E. N. Weinbaum, manager of the domestic trade department of the Chamber of Commerce, has returned to duty after an absence of more than three weeks because of a nervous breakdown.

WASHINGTON HIGH TEAM CHALLENGED

Vancouver, Wash., Nov. 19.—The Vancouver high school eleven has challenged the Washington high school team, who claims the interscholastic championship of Portland, for a game to be played either at Portland or Vancouver for the interstate interscholastic championship.

Both teams have completed their games for this season, and it is hoped that this game can be arranged before the teams are broken up.

Two last-of-the-season games arranged by each of the teams have been cancelled.

Both teams will be about equally matched, it is said. Although the Washington team will probably outweigh the local eleven, it is thought that the Vancouver team has the more speed of the two.

The local eleven has not lost a game this season under the coaching of "Hay" Miller, former University of Washington football star. The Portland team also has a good season record.

Canvass for Funds Called Unauthorized

Solicitors representing themselves as "Christian Volunteers" are making an unauthorized canvass for funds on the east side, according to a complaint filed with the indorsement committee of the Chamber of Commerce by the Volunteers of America.

THERE is a big difference between Calumet and all other Baking Powders.

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakings. They look better—finer grained.

"Some Biscuit!"

CALUMET BAKING POWDER

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit Recipe
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounded tablespoons of butter or lard, 1/2 cup of milk, 1/4 cup of water. Then mix in the regular way.
