Linn County Boys Have Hard Luck

Albany, Nov. 20.—Had ill fortune not overtaken the Shedd Shorthorn juvenile stock judging team at the Pacific International Livestock show the Linn county boys would have swept the field, said County Agent S. V. Smith upon his return from the exposition. Dellis Cornut, one of the members of the team, was seized with an attack of appendicitis after arriving in Portland and was unable to appear in the contests. His average score, added to that made by Clifford Cornut and Harold Pugh, the other two members of the team, would have brought the Linn team's score to a mark far higher than that attained by the Marion county team, which won the contest, Smith says.

WESTON CASE IS READY FOR JURY

Closing Arguments Being Made Following Rebuttal Contradicting Defense's Alibi.

Bend, Or., Nov. 20.—The state ended its case in rebuttal against A. J. Weston, accused killer of Robert Krug of Sisters, early this afternoon, and concluding arguments are being given this evening by the attorneys, with the certainty that Weston's future will be in the hands of the jury before 12 o'clock tonight. The case in rebuttal was closed early this afternoon when the state introduced witnesses to contradict the evidence of the defense claiming an alibi, and to show that Weston is in the habit of wearing a vest. This last point is considered highly important, the defense having sought to disprove testimony given by Joe Wilson relative to finding a note made payable to Krug in Weston's vest, by introducing evidence that the defendant had no such article of clothing.

Mel Harrington, R. E. Cutler and Homer Crogan, all testified that Weston had a vest. George Atken and Grace Atken testified that Mrs. Libbe Coombs had been in Sisters a few days after the fire and had told them that she was alone on the night when the murder is alleged to have taken place. Mrs. L. P. Wilson said that Mrs. Coombs had told her that she had retired early on the evening of the fire and was awakened by the noise of a car passing. Mrs. Weston (Mrs. Coombs at the time of the alleged murder) had testified that she was with Weston and George Stillwell, one of the state's star witnesses, at the Wilson mill near Sister, from 6 to 9:30 o'clock the night of the alleged murder. The last step of the defense to establish an alibi was taken this morning when Weston took the stand in his own behalf. Perfectly self-possessed, Weston denied all statements pointing to his guilt which had been attributed to him by witnesses for the state.

said and five hundred head of prize stock were crowded into these pavilions to await the final word of the official judges and submit to the admiring gaze of the public.

SHOW OPEN TODAY

As the railroad company cannot furnish accommodations to move much of the stock today, Manager O. M. Plummer announced that the exposition would be open all day. Admission will be half price.

Two of the keenest contests during the entire exposition was for the two handsome silver loving cups offered by The Oregon Journal to the breeders showing the best young herd of Holstein and Jersey cattle. The cups were first offered in 1919 and are to become the property of any breeder who wins them three times. The keen Holstein contest was between the Carnation Stock Farm of Seattle and the Hollywood Farm of Hollywood, Wash. The Carnation farm defended its title and won the cup for the second time in succession. In the Jersey class the cup changed hands, but not its home town, going from J. B. Stump & Son of Monmouth to Frank Loughary & Son, also of Monmouth. Congressman C. N. McArthur took second place in the Jersey class, the judge announcing publicly at the close of the contest, "That is a promising young herd."
