There Is Warmth and Comfort in the Home That Is Heated With a

Universal Asbestos-Insulated Pipeless Furnace

More heat with less fuel—better ventilation and a more even distribution of heat are assured if you heat your home with a Universal Asbestos Insulated Pipeless Furnace. No need of tearing holes in the walls and keeping your house torn up for a week when your furnace is installed. There is just one register—one hole in the floor with the Universal Pipeless. The complete furnace may be installed in your home in a very short time.

The Universal Asbestos Insulated Pipeless Furnace delivers all the heat directly to the living rooms above it. No loss of heat in the basement. No cold floors. The Universal Pipeless is the logical method of common sense, economical heating.
