

\$15,000 HEART BALM PLEA MADE AGAINST SKINNER

One of the first public phases in what promises to be an interesting suit for breach of promise occurred in Presiding Judge Tazewell's court this morning, when Nadine Gardner made her deposition in her \$15,000 suit against Frank B. Skinner, Union station official and clubman.

Mrs. Gardner admits having been twice married and twice divorced. She first married Harry Humphrey of this city and divorced him. She then married Harry Parr Gardner. A divorce decree disrupted this union September 17, 1919. Before this decree was secured, she says, Skinner had promised to marry her as soon as she was legally cleared from the second marriage. She avers that Skinner set the date for the wedding for March 18, 1920, which would be just one day after the six months' statutory period had elapsed.

She says Skinner refused to carry out his marriage agreement, although she was ready and willing at all times to perform her part of the contract. She says Skinner gave her the use of his house at Multnomah in which she has been residing and that at various times he has given her money to be used in preparation for the expected wedding.

In the deposition taken today William P. Lord appeared as attorney for Mrs. Gardner and James E. Craig for Skinner.

COUNTY HOSPITAL "UNSAFE," FIRE MARSHAL DECLARES

The old Multnomah county hospital is not a safe place within which to house the sick and infirm, according to a statement sent today by Edward Grenfell, fire marshal of Portland, to County Commissioner Rufus Holman. The statement in addition says:

"I recommend that the use of it for hospital purposes be discontinued at your earliest possible convenience."

"I also wish to state that I have no criticism to make of the management of the place, as I believe the superintendent is doing all in her power to make the building as safe as possible for those who occupy it, although I did make a few recommendations to the management that involved little or no expense and I am sure they will be carried out at once."

YOUTH OF 18 PLEADS GUILTY TO 3 CHARGES OF LARCENY

William Herder, aged 18, pleaded guilty before Presiding Judge Tazewell Monday to three grand jury indictments charging larceny. One of the cases was October 18, when he robbed the dwelling of Frank W. Wascher; another was September 15, when \$220 was taken from the store of Kennard & Adams, and the third was July 31, when the dwelling house of Sam Saxe was robbed. Sentence was postponed until Tuesday afternoon at 2 o'clock.

Clarence Waldner, who pleaded guilty to forging a check for \$20, was sentenced to two years in the state penitentiary and then paroled.

ERROR IN COMPLAINT WINS VICTORY FOR ACCUSED MAN

The word "automobile" instead of "streetcar" in a complaint which brought C. A. East a fine of \$100 in the municipal court, and from which he appealed to the circuit court, caused the case to be dismissed by Circuit Judge Gatens Monday, on the request of Deputy City Attorney Lansing. Eleven jurors had been secured when the noon hour arrived. Before the twelve men were called into the jury box at the afternoon session, Lansing moved for a dismissal, the fact having been discovered that East was charged with running an automobile at excessive speed and causing a collision, whereas it should have said that a street car was the vehicle.

Larceny Is Charged
Adolph Schnell was arrested at McMinville today by Deputy Constable Ed Gloss on a charge of larceny of log-

gers' tools. He was brought to Portland and was released on \$250 bail. Oscar H. Zellner, who was traced by his wife first to Oregon City, thence to Salem, was arrested at the latter place Monday by Sheriff W. I. Needham on her complaint charging non-support. He will be brought back to Portland today.

\$25,000 Asked for Injury

A suit for \$25,000 was filed today by Anna L. Koller against Lipman, Wolfe & Co. and F. W. Farrington & Co. She alleges that at 5 o'clock on the morning of August 30, 1919, while she was walking on Fifth street, in front of the store, she slipped on wet asphalt spread in the construction of new lights in the sidewalk, fell on her spine and suffered permanent injuries.

Palmer Estate \$150
William C. Palmer was appointed by Presiding Judge Tazewell of the circuit court Monday as administrator of the estate of his brother, the late Patrolman Jerome Palmer, who was fatally shot November 17 by Husted A. Walters. He left an estate which consists only of \$150 in the Ashley & Rumlum bank. The heirs are his mother, Mrs. Samantha Palmer, and his brothers, Marion, Isaac, Monroe and William C. Palmer.

Divorce Mill
Divorce suits filed: Mary E. Johanson against Carl A. Johanson, cruelty; Florence Arden against Thomas Arden, desertion; Margaret Carlson against Walter Carlson, desertion; Mabel Hurst against Phil John Hurst, cruelty.

Fire Chief Fined
Sacramento, Cal., Nov. 30.—(U. P.)—They'll next be arresting the police chief for impersonating an officer. Fire Chief Loyd Moore was arrested and fined \$5 for parking his automobile within 20 feet of a fire hydrant.

DOUGAN CONTRACT WITH KLAMATH IS UPHELD BY COURT

Salem, Or., Nov. 30.—The Dougan court house at Klamath Falls is legalized in an opinion written by Justice Johns and handed down by the supreme court Tuesday, which reverses the decree of the lower court and requires the county of Klamath to pay the Dougan company \$92,674.95, the balance due on its bid of \$131,775 for the construction of the new building.

The opinion, written by Justice Johns, is concurred in by the other members of the court, except that Justice Benson did not participate in the deliberations and Justice Brown had not qualified as a member of the bench at the time the case was argued.

The Dougan courthouse has been the center of a bitter political feud in Klamath county for three years. Contract for construction of the building, located on block 10 in the city of Klamath Falls, was let by the county court on January 25, 1918. Prior to that time the county had begun construction work on a magnificent structure in Hot Springs addition to Klamath Falls, the ground for which was donated to the county on condition that the courthouse

should be located thereon, but title to which does not revert to the county until the building is completed.

Subsequent to the letting of the contract to the Dougan company the county judge of Klamath county was recalled and the newly elected court ordered the Dougan contract cancelled and work resumed on the Hot Springs building. Suit was also commenced to recover \$41,543 paid on the Dougan contract.

Dougan ignored the order of the county court and proceeded with the completion of the building. Upon refusal of the county court to recognize his claim he brought suit in the circuit court to collect \$92,674.95, alleged to be due him on the building. The lower court held for the defendant and re-

jected his claim, whereupon he appealed to the supreme court.

Other opinions were handed down as follows: W. A. Sanders, et al. appellants, vs. Portland & Oregon City Railway company; appeal from Multnomah county; action in ejectment. Opinion by Chief Justice McBride. Judge W. N. Gatens affirmed.

United States National Bank of Vale, appellant, vs. Catherine L. Sheehan; appeal from Malheur county; action for money. Opinion by Chief Justice McBride. Judge Dalton Biggs affirmed.

An X-ray method to determine the relative values of different kinds of coal has been developed by French scientists.

Warning Not Heeded, Rancher Rearrested; Much Wine Is Found

One warning from the internal revenue department, which included a \$150 fine as a reminder, did not seem to be enough for Victor Boltano of Hillsdale, who was arrested again this morning by federal agents on a charge of having 300 gallons of wine in his possession.

On December 29, 1919, the officers found 190 gallons of wine on his ranch. As Boltano said he was not going to

make any sales, and promised to keep the liquor for family use only, he was not prosecuted, but allowed freedom after paying internal revenue tax of \$150. Federal agents told him, they say, that it would be unlawful for him to manufacture any more liquor even for his own use.

A few weeks ago he bought 55 boxes of raisins and made the 300 gallons of wine. The arresting officers say he could not have earned enough from his small farm to pay for the raisins. Boltano has a wife and three small children.

Old King Coal's merriment may be occasioned by government's futile efforts to interfere with his profits.

Wiggins Tells of Headquarters' Visit

E. R. Wiggins, president of the Kiwanis club, told members of the organization at the regular luncheon meeting at noon today of his recent visit to International Kiwanis headquarters at Chicago and of clubs seen en route. Delegates to the recent Tacoma district convention reported on conference events and the nominating committee submitted a list of nominees for the coming election.

MODERN CRANKCASE CLEANING SERVICE

Dirt in your Engine Oil— Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The

Calol Flushing Oil we use is the new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfactory performance you expect. Today: Bring in your car for Modern Crankcase Cleaning Service.

"For clean oil in a clean engine"
