Geneva, Nov. 30.—(I. N. S.)—Viscount Kikujirō Ishii, head of the Japanese delegation at the League of Nations meeting, today announced that Japan will not press the resolution for racial equality at the present session of the league assembly.

Plenary sessions were resumed by the assembly this morning, but only routine matters were scheduled for consideration.

A committee report providing for annual meetings of the assembly on the first Monday of September was adopted.

The Scandinavian amendment to democratize the covenant of the league was referred to the committee and there will not be a report on it until next year.

## Sterling, Col., Bank Fails; It Is First in The State for Years

Sterling, Colo., Nov. 30.—(I. N. S.)—The Farmers' National bank of this city failed to open its doors Monday. Neither the bank examiner nor officials of the institution would make a statement of the bank's condition, but it was said that the institution's reserve is so low that it is unable to meet its drafts and other obligations.

Large crowds gathered around the bank building, but no demonstration was staged.

It is the first bank failure in Colorado in many years.

## GORDON'S ELECTION IS DULY RECORDED

Salem, Nov. 30.—Acting Governor Vinton Monday signed the certificate of election giving to Herbert Gordon of Portland a seat in the lower house of the Oregon legislature as a duly elected member of the Multnomah county delegation.

A protest against this action had been filed by Paul Dormitzer, Portland attorney, who declared that Gordon had been disqualified for the office through the fact that he was a candidate for two offices at the same election. Replying to the protest, Governor Olcott informed Dormitzer that his protest would have to be taken directly to the legislature.

The Eugene Chamber of Commerce is in the midst of a campaign to raise a fund of \$45,000 with a view to building up the payrolls of the city and securing 100 per cent more population.

## Who Speaks with Authority about Underwear

**W**HEN the business man buys anything, he usually knows pretty well *who* stands back of the thing he is buying.

Why not an *authoritative standard* in underwear?

Why the waste of time—the feeling of insecurity—the necessity for picking *his kind* of underwear out of a mixture of odd lots and brands and qualities?

He knows what he wants—full size, full length, the right weight for the season of the year. *Authenticated* as to quality, make and finish. The same today as a year ago—with the certainty of getting the same grade again any time he wants it.

The merchant who means to give him this high type of underwear service can do it even more easily than he can stock up his mixed brands.

He can order *direct* from the mills—"Allen A," that celebrated Cooper's-Bennington Spring Needle Underwear, with its thirty years of established reputation. Uniform quality—dependable value. For men—for boys.

Each garment in the future will bear the additional mark, "Allen A"—the Maker's pledge of responsibility to you.

"Allen," the name of the Makers; and "A"—the standard mark of first and finest grade.

## HEARST'S MAGAZINE—A LIBERAL EDUCATION

# The Man Who Threatened the World

"Five million dollars for the active principal of alcohol," offered Arnbush, embittered brewer, resolving, Samson-like, to drag down the reformers with him. With the secret of the essence of intoxication in his hands, he would impose his will on this crank-ridden country. With this havoc-wreaking secret, he would sow the hopes of prohibition with dismal failure.

But, with the formula in his hand, his personal victory immense and final, why did Arnbush suddenly decide to destroy his \$5,000,000 secret and let the world work out its own salvation? Finish this most surprising story of prohibition—The Man Who Threatened the World by Melville Davisson Post—in *Hearst's* for December.

### Do Your Children Go to Church?

By William G. Shepherd

Your father and grandfather believed in religion and prayer. But today we are not a church-going nation. Only one in every three of us are nominal worshippers of the God of the Jews and Gentiles. A century or half a century from now will the United States be classed among the nations that believe in God?
