To those who attended the lectures at the

WHITE TEMPLE

night after night, we, your neighbors and fellow-citizens, were misrepresented by "Ministers of the Gospel" for no other reason than that we believe the Bible and observe God's commandments, which say that the seventh day of the week is the Lord's holy Sabbath; knowing that our fel-low-Americans believe in fair play; aware that of every question both sides have a right to be heard, we, therefore, believe that our good brethren should be willing to hear the other side of the case, and after weighing the evidence they can then decide to believe those who misrepresent us and continue to obey the man-made institution of Sunday-or step out (as so many others have done) and take their stand for God's word.

We have asked Professor Hibbard, our pastor, to speak to you next Sunday, Dec. 5th, at 8 P. M. at our house of worship, Sixth and Montgomery, so that you may recover your esteem and brotherly love for those who aim serve God and follow Jesus.
