S. P. TO ORGANIZE NEW OIL COMPANY

Announcement of the scheme under which the Southern Pacific company plans to separate its stock holdings in the Associated Oil company from its railroad properties was received Wednesday by officials in Portland.

A new company, to be known as the Pacific Oil company, will be organized under the laws of Delaware, with a capital stock to consist of 3,500,000 shares of no par value.

On the money so raised—\$52,500,000—the new company will buy from the Southern Pacific Land company, for the sum of \$48,750,000, the following properties:

About 250,000 acres of land in California, with field improvements, material and supplies.

Two hundred thousand or more shares of the outstanding stock of the Associated Oil company, representing a majority of that stock.

PREDICT GOOD YEAR Holders of Southern Pacific company stock as of January 14, 1921, will be given the right to purchase at \$15 a share, one share of stock in the new company for every share of Southern Pacific they own.

The company predicts a better business year for 1921 than 1920 has been, although the Associated Oil company has paid 6 per cent dividends.
