'ROUGH HOUSE' IN PARLIAMENT WHEN EX-KAISER LAUDED

(By United News.)

Berlin, Dec. 2.—Stormy scenes attended the debate in the Prussian parliament over "compensation for the Hohenzollern family, culminating in the presentation of a cardboard "iron cross" to Dr. Kauffmann, defender of the old regime.

Herr Heilmann, speaking for the majority Socialists, demanded passage of a bill "disowning" the entire family of the former kaiser. He declared that Wilhelm's income is now estimated at 33,000,000 marks a year, which is more than he received before the war.

Dr. Kauffman, in reply, heatedly remarked that the Hohenzollerns were "too high" for discussion in parliament. This brought on a storm of shouting and throwing of every missile upon which the members could lay their hands. The session was adjourned for 15 minutes, after which Dr. Kauffman was presented his satirical iron cross.

Embezzlement Will Be Charged Against Ex-Stock Salesman

Salem, Dec. 2.—A charge of embezzlement will be placed against C. M. Chappell, former stock salesman in the employ of the Silver King Mining company, with headquarters in Portland, unless he appears with a satisfactory explanation.

Chappell's failure to account to the company for stock sales was discovered when C. M. Carson, L. T. Durbin and L. J. Gibbons wrote to the company inquiring as to the delay in the delivery of their stock certificates for which they had paid Chappell amounts aggregating $540. No report of these sales had been made to the company by Chappell, it was stated. Chappell left Salem about the middle of October, after having been here since last January in the interest of the company.

The Silver King silver, zinc and lead mine is located on the north fork of the Santiam, about 10 miles from Mehama, in this county. The company which is promoting the project is capitalized at $500,000.

Walla Walla Man Is Killed by Fall From Loft of Barn

Walla Walla, Wash., Dec. 2.—Ira Reynolds, 50, died here Wednesday, as a result of a fall from the hay loft to the ground floor of his barn, a distance of but 14 feet. Reynolds failed to return from feeding his stock. He was found beneath a large hole in the floor of the loft, lying in a pool of blood. His skull was fractured. He was an employe of the city.

SPROUL JOLTS U. S. 'TAX GRABBING'

Harrisburg, Pa., Dec. 2.—(I. N. S.)—The invasion of the national tax gatherers into the fields which were formerly reserved as a source for state and local revenues, was scored by Governor William C. Sproul of Pennsylvania, before the conference of governors and governors-elect today.

Governor Sproul said Pennsylvania's contribution to the national government was 12 times the total state revenue.

"We may look forward to a reduction in federal taxation," said Sproul. "We certainly have justification for such a hope, now that the war is all over. If the federal government is to maintain its heavy toll upon the enterprise and thrift of the people, we shall have to look to it to carry on some of the educational, constructive, custodial and remedial activities which are presumed to be the functions of the state.

"It would seem that there should be some line of demarcation between the subjects of federal taxation and those to which the states may look for their revenues. Surely, the land is bearing all of the burden of taxation which it can stand, and any increase will add to the economic difficulties of our people and to the troublesome problems of homes and house.

"There seems to be a peculiar miasma which arises from the Potomac. There must be some germ from the Potomac which makes our national statesmen forget that the nation is made up of states, which have functions to perform affecting most intimately the life and welfare of the republic."

Division Organizes for Social Advantages

Temporary organization for social purposes was effected by the members of the old Forty-first division at the suggestion of Lieutenant-General Hunter Liggett Tuesday night at the reunion held to pay respects to their former commander, at the Armory.

The organization will be known as the Veterans of the Forty-first and will be purely a social body with no dues attached. Donald M. Taylor was elected temporary president and Frank Simmons secretary. The organization committee, headed by Colonel George A. White, is working to get a permanent organization.

HALF DOZEN DOCKS ARE CONDEMNED BY DOCK COMMISSION

Oak street dock, Taylor street dock, Panama Cooperage dock, Pacific dock, the wharf of the Oregon Sheet Metal Works and the dock of the Portland Seed company were condemned at a meeting of the dock commission this morning. An extension of the time for the wrecking of the properties was extended for a period of two years with the understanding that the properties be placed in safe condition for that time.

The action of the board was based on the statement of City Engineer O. Laurgaard to the effect that the city at the next election was contemplating a plan to take over the entire water front between Jefferson street and Glisan street on condemnation proceedings. It was to this end that the extension of time was granted.

The plan of Engineer Laurgaard is to tear down all of the old and eyesore structures, fire menaces and useless waterfront property and to build a sea wall from Jefferson street to Glisan street and have the entire plant under the control of the city officials.

Argument at the meeting this morning waged principally between Commissioners Knapp and Hindman on one side and representatives of the property owners on the other. Knapp maintained that the law called for the destruction of docks that had deteriorated more than 40 per cent.

Representatives of the various dock owners, Chester Dolph, Warren E. Thomas, Henry Fries and Robert Lewis, took the position of property holders and that by the condemnation they would be deprived of any of the small amount of revenue now accruing.

The argument waxed warm. Laurgaard, Etchel, Plummer, Grenfel, Latourette, Boardman and Hegardt made up the waterfront committee. Dolph, Frigs and Thomas represented the property owners in as much rapidity as Chairman Moores would recognize them.

MATSON STEAMERS ASKED TO INCLUDE ASTORIA PORT

Efforts are being made by Astoria through B. F. Stone, president of the Port of Astoria commission, to induce the shipping board to allow steamers operated by the Matson Navigation company between Puget Sound, San Francisco and Honolulu to stop at Astoria for a minimum cargo of 500 tons, according to advice received by the State Chamber of Commerce.

Under present rulings the shipping board has a minimum of 1500 tons and even with this provided the vessels do not always stop according to Stone. This has necessitated the shipping of cargo intended for the Hawaiian islands via Puget Sound ports. Stone has appealed to J. N. Teal and Admiral Benson of the shipping board as well as to members of the Oregon delegation.

Barkentine to Give Bond

The United States attorney's office was indirectly notified this morning that owners of the barkentine Hawaii, which was libelled by the government Tuesday, intend to post a $70,000 bond in order to have the ship released.

Positions of Vessels

Radio reports from North Head give the position of the following vessels at 8 p. m., December 1:

Alaska, Portland for San Francisco, leaving Columbia river.

Redwood, Grays Harbor for San Pedro, 35 miles south of Grays Harbor.

Admiral Evans, Seattle for San Francisco, 330 miles from Seattle.

President, San Francisco for Seattle, 160 miles north of Cape Blanco.

SS. Los Angeles, San Pedro for Vancouver, B. C., 216 miles from Vancouver.

Notice to Mariners

The following affects the aids to navigation in the Seventeenth lighthouse district:

Washington—Washington Sound—Vita Rocks light found extinguished November 27, was relighter same date.

By order of the Bureau of Lighthouses.
ROBERT WARRACK,
Superintendent of Lighthouses.

November Rainfall Shown Below Normal

November rainfall was below normal for this time of year, the monthly report of Edward L. Wells, meteorologist, shows, with a total precipitation of only 5.84 inches as compared with the normal of 6.47 inches. The mean temperature was above normal, registering 46.8 degrees, against the 45.6 normal. The highest temperature was November 17, 61 degrees; the lowest, 34, on November 5.

Fined for Illegal Hunting

Charles Christensen of Tillamook was arrested Monday on Tillamook bay by George W. Russell, deputy game warden, for using a motor boat to hunt waterfowl and was fined $25 following a hearing at Tillamook, according to a report filed at the headquarters of the state fish and game commission.

Would Abandon Line

Washington, Dec. 2.—(I. N. S.)—The Spokane & British Columbia railway today applied to the Interstate Commerce commission for permission to abandon the line in Ferry county, Washington.

FOUND—Canoe. Inquire at 764 Montana ave.

BUSINESS AND TRADE SCHOOLS 90

FOR BIG PAY
Get Into the Auto or Aviation Business

You're right! No other line of work offers the employment opportunities and big pay that the automobile and aviation business does. The quick and satisfactory way to learn this business and get into it is through the help of that man "Adcox," whose school holds the world's record for graduating the largest percentage of students who make good in a big, commanding way. Today, scores and scores of men, who less than a year ago, knew absolutely nothing about automobiles are earning, as expert "gas engineers," double to treble what they ever before made. Adcox trained them in 12 to 16 weeks. You may be skeptical—say it can't be done—but it ACTUALLY IS BEING DONE; and, if you will give "Adcox" a chance to talk with you a few minutes or write or call for a free copy of his big, dollar book, describing his school and methods, you will quickly be convinced as hundreds of men and young men before you have been. To prove the value of his course to you, he will let you attend his school four weeks FREE, and if you find anything misrepresented, he will pay you 50c for each hour in attendance at his school. He even will go further! If after visiting his school or carefully going through his catalog, you truthfully can say that anywhere in the West you have seen another auto school with as much equipment who graduates as large a percentage of successful students or gives you as much for your money, he will make you a present—ABSOLUTELY FREE—of his complete Auto, Battery and Electrical course, valued at $200. If the training he offers were just the ordinary kind, this offer would be suicidal—would put him out of business in less than three months. Just the day this announcement was written, a prospective student said: "Adcox, I thought you were bluffing with your free trial and other offers, but you win! I have visited some half dozen other auto schools and yours make them all look like a RUSTY DIME." Only a DIFFERENT UNQUESTIONABLY SUPERIOR school could make such offers as "Adcox" does. There is no red tape to his offers, either—he is willing to depend entirely upon the honesty and good judgment of any ambitious fellow. You're as good a man as the next fellow—prove it—go after the big money awaiting you in the automobile and aviation business—it's one line where there is NO AGE LIMIT, and no ENTRANCE EXAMINATIONS are required of those entering the Adcox School. Simply go there—if you half try, you can't help but make good. Tear out this announcement right now—see "Adcox" or get a copy of his good Number 4 at once. The address is, ADCOX AUTO & AVIATION SCHOOL, Portland, Or.

LEARN automobile and tractor repairing and driving in America's largest and finest system of trade schools. We also teach all branches of ignition, electrical and battery work, vulcanizing and re-treading, welding and brazing, and instruction on all types of marine and stationary engines and farm lighting plants.
