

SMOOT LECTURES ABSENT SENATORS

Rejects Offer to Summon Them to Hear Him Talk.

Washington, Dec. 21.—(WASHINGTON BUREAU OF THE JOURNAL)—Surveying the empty seats which he was addressing in the senate during debate on the packer bill, Senator Smoot of Utah gave his colleagues a lecture on the subject of non-attendance.

"I hope something may come to change this practice," he said. "Senators cannot know what important matters are in these measures so long as they do not attend."

Senator Kenyon of Iowa, in charge of

the bill, said he thought the discouraging attendance might be due to the impression which has gone out that the present session of congress intends to do nothing but pass appropriation bills. "Many senators subscribe to that," he added, "but I do not. If it were understood that we meant business and would act on really important legislation that is pending senators might attend the sessions."

Senator Townsend of Michigan, another of the few senators who heard this discussion, asked Smoot if he desired a quorum call "to invite the other senators to hear him."

"It would do no good," replied Smoot. "It would only inconvenience senators in their offices who might hear the bell, and those on the golf links wouldn't hear it."

So the roll was not called and the absentees were not disturbed. Besides the three senators engaged in this colloquy, six others could be observed in their seats. Total present, nine. Total membership of the senate, 96.

Half Dozen Arrested

Centralla, Wash., Dec. 21.—Charged with drunkenness and disorderly conduct, Jacob Hill, John Max, J. W. Jones, B. Cotter and L. Allen were arrested here. Herbert Stevenson was arrested on a charge of exceeding the speed limit.

IRRIGATION APPEAL TO GO TO HARDING

Washington, Dec. 21.—(WASHINGTON BUREAU OF THE JOURNAL)—

Senator McNary has been asked by Governor Davis of Idaho, in behalf of western governors, to present irrigation needs to President-elect Harding, prior to March 4, with a view to inducing Harding to support comprehensive reclamation plans. It is hoped that some pronouncement may come on this line, either in the inaugural address or in a message to the special session of congress, which is expected soon to follow.

McNary stated he has not decided whether to go to Marion or present the matter by letter. This will depend

Officer Will Arrive At Astoria Soon to Begin Work on Base

Washington, Dec. 21.—(WASHINGTON BUREAU OF THE JOURNAL)—Soon after the first of the year a naval construction officer will proceed to Oregon to start the preliminary work on the submarine and destroyer base at Tongue Point, on the Columbia river. It is expected that the property will soon be formally in possession of the government by delivery of deeds, and until this is done the navy department of course cannot do anything with the property.

No appropriation for this base is carried in the estimates for the coming year, but \$250,000 is left over from the current year, and it is believed that this is all that can profitably be spent by June 30, 1922, by which time another naval bill will be passed. Representative

McArthur feels that the lack of an appropriation this year is no disadvantage.

"The money will be forthcoming when it is needed," he said. "The \$250,000 already provided is enough to care for the work in the first year of expenditure, and I would not feel justified in asking more at this time. I am assured that the work will go forward promptly after the deeding of the property to the government."

S. & H. Green Stamps for cash. Holman Fuel Co., Main 253, 560-21.—Adv.

You people that are tired of paying high prices read this ad.

Portland Wholesaler and Broker of Men's Wearing Apparel

Up against it. Not another day to wait. We have to sell. Read this ad.

In Deep Water

Fails to sell great stock on the Pacific Coast, after calling in the buyers of San Francisco and other cities on the coast—even offering to sell merchandise to the auctioneers of San Francisco—is turned down everywhere. OWNERS ARE SICK AND TIRED—ABSOLUTELY UP AGAINST IT.

After hunting all over for a place to sell we have at last secured the entire Commercial Block on WASHINGTON STREET—the corner of Second and Washington—entrance right on the corner—and at this place this great stock will be handed out to the people—even if it only brings a few cents on the dollar.

Thousands of dollars' worth of good staple merchandise must be sold or we lose everything. Not many prices—just an idea. It's either sink or swim.

MODERN CRANKCASE CLEANING SERVICE

We use
CALOL FLUSHING OIL
AND
ZEROLENE

—for clean oil
in a clean engine—

“See what we found in your crankcase oil”

THIS lens shows some of the dirt that can be found in any crankcase after a few weeks of driving—road dust, carbon and fine particles of metal. Such dirt circulates with the lubricating oil through the engine, together with gasoline that escapes past the pistons and dilutes the oil. No need to tell you what the daily grinding of this material on the bearing surfaces will do.

Have the dirty, diluted oil in your crankcase drained out—now—before unnecessary wear begins.

We can do that best for you with Modern Crankcase

Cleaning Service—convenient, quick, economical. We use Calol Flushing Oil, the scientific, thorough flushing agent which does not contaminate the fresh oil. We assure proper lubrication for your engine by refilling the cleaned crankcase with Zerolene of the correct grade.

Make a regular habit of Modern Crankcase Cleaning Service. It gives better engine performance—more than that—it lengthens the useful life of your car.

Drive in today at the sign of the shield—“Modern Crankcase Cleaning Service.”
