Heavy Demand for Municipal Bonds Found on Market

The outstanding feature of the investment market at the present time is the nicipalities are taking full advantage of candlestick maker literally been as this, as is evidenced by the sale of state, busy as could be here this week, city and county bonds during the last but the county auditor's office has two months. All the issues have en-

countered good demand. Municipals have maintained a steady upward movement in the bond market, due to deflation in commodities and heavy buying by large investors, who are attracted to them by their tax ex-emption feature. At the present time municipals are a particularly desirable investment for the man of means inas-much as they are being sold to yield exceptional returns, according to the class of security, and at the same time are free from all taxation.

Vancouver, Wash., Dec. 22.-That the awarding of an exclusive contract for the hauling of Vancouver's garcontended question, is indicated in a statement made Tuesday by George M. Davison, attorney.

Although the contract was entered into Monday night between the council and Sherman Drew, Davison has served notice that he will seek a restraining order to prevent the contract from being carried out on the grounds that the terms of the contract do not agree with the bid submitted by Drew.

That Drew is willing to comply with any changes desired by the city is the opinion of the garbage committee. Opposition to the awarding of the contract has also been voiced by E. N.

Livermore, attorney for other garbage men in the city. The contract with Drew provides for the levy of \$1 a month for the hauling of garbage in the residence districts and Edward LaClaire, whom she married in for a 25-cent levy for daily calls in the business districts. Persons hauling their band said her meals were not "fit to be own garbage must use Drew's dump and pay \$1 for the work.
