With the years of womanhood came sorrow, separation from dear ones, and prolonged illness. From every trial she turned the more resolutely in search of that certain law of healing which she believed a correct understanding of God would bring. In this search the theories of allopathy, or regular medicine, were explored in vain, then homeopathy, a step away from mere drugs toward a nore mental form of healing, and afterwards hydronathy.

Mary Baker Eddy, the Discoverer and right ideas" (Science and Health, p. 475.) Isaiah sought to turn the thought of his people away from this erroneous tion, "Cease ye from man, whose breath is in his nostrils; for wherein is he to be

accounted of?" (Isaiah 2:22). In other words, stop thinking of the mortal, material sense of man as the true man, for there is absolutely no way to account for him as a creature of God. In Romans 9:8 Paul makes the perfectly explicit statement. "They which are the children of the flesh, these are not the children of God,"' and elsewhere he speaks of the imperative necessity to "put off " the old man, which is corrupt " and " put on the new man, which after God is created in righteousness" (Ephesians 4:22-24). Christian Science not only presents the

true concept of man but shows that it is attainable in some considerable measure right here and right now. It shows that in each and every one of us, and there is no exception, no, not one, there is a natural ability and competency to mentally work our way out of the wilderness of material beliefs, out of the net of ma-terial selfhood into our natural unity and agreement with ever present good, Mind, the consciousness which is God. our real life and being. wholly mental, as Paul indicated when Reames is a native of Oregon. he said, "Be ye transformed by the re-was born at Jacksonville in 1892. dividual expression of God. Only 40 years ago the first Christian Science church was organized in Boston. Since then nearly 1800 organizations have been formed throughout the world. Christian Science is offering to the world today a volume of testimony as to the efficacy of its healing work unexcelled in the history of therapeutic systems From business men, educators, lawyers, judges, physicians, ministers, and men offering evidence of health and happiness restored to the individual,

It has already been pointed out that the practice of Christian Science involves mental activity, an effort to think in accord with God, the good Mind. This right mental activity is true prayer and is the one way by which individual man can cast off the shades of hell and abide in heaven.

The Bible admonition, "Pray without easing," is then seen to mean to think rightly always. It is right mental activity based on a true concept of God This is true prayer, a vital, and man. living, thinking activity.

If You Want to Sell Your House Advertise It Among The Journal "Dime-a-Line" Want Ads

Portland, Ore.,

Oregon Journal,

Portland, Ore.

"Want" Ad Manager,

I saw in The Sunday Journal an ad about a nice little bungalow situated on Carolina and Kelly streets in South Portland, for sale. My next door neighbors were being forced to vacate the flat they then occupied. I gave them the ad and they went to my telephone, number Main 2660, and called Marshall 557 that put the ad in the paper. He said he put that ad in the Sunday paper to get a box of candy The Journal offered for one insertion. Now she and her family have a nice little home that no one can give them notice to vacate.

MRS. KATE DAVIS, 1277 Corbett St., City,

If you have anything to buy, sell, or exchange, invest in a Journal "Dime-a-Line" Want ad. 2 lines, 1 time, 20c; 2 lines, 3 times, 50c; 2 lines, 7 times, \$1.00.
