FOR SALE-LOTS

According to the newspapers. Why not suade the other member of the team that the advantage of buying a lot are many: \$5 a month with interest will carry it through. Don't be discouraged by some unthinking person telling you you will spend the rest of your life paying for it. It is wrong and silly. You pay rent regularly, and the grocer and insurance, and so long as you live and love you will do these little important things. Why not put up a house of your own on the easy terms we offer? When the time is at had for you to turn your face to the wall and die it will comfort you se know that you left those you love secure The Heart of the Peninsula. COE A. McKENNA & CO.,
