

MORE DAMAGE INFLICTED ON AUSTRALIAN WHEAT

SLIGHT INCREASE POTATO SALES

There is a slightly increased demand for Oregon white potatoes from the South, but the prices offered there would not permit the purchase here at anything above \$1.15 to \$1.25 per cental for selected stock.

MARKET BASKET

By Hyman H. Cohen

Consumers will soon be given a treat of tomatoes from the West. The carload of fresh ripe stock is being moved in Portland and will soon be available.

It is surprising how few products are very really out of the markets of this country. Strawberries are available practically the entire year and the apple market is never closed.

EGG TRADE HOLDING UNIFORM Trade in the egg market is holding uniformly steady with general bid prices at \$1.65 a dozen, Portland, enclosing stamp for receipt.

BUTTER TRADE IS ABOUT SAME Practical on the butter market, conditions appear about steady. Little movement is seen in extra, but ordinary grades are firm.

MEAT MARKETS HOLDING STEADY Conditions for country meats are about steady with a steady tone. During the last few days there has been a smaller supply of hogs and there has been an advance in prices.

ORANGE SITUATION IN STEADY Availability now in Northern California and our buyer in Southern California advise that the quality of the fruit here is now exceptionally fine, high colored, sweet and juicy.

RIPE BANANAS OUT OF MARKET Ripe bananas are entirely out of market here. The regular California bunches are now dead green and most of this fruit will be available for trade for several days at least. Prices are unchanged.

BRIEF NOTES OF PRODUCE TRADE Chicago market steady with prices continued. California cabbage expected within a day or so. Local cabbage in heavy supply; price at 6¢ per bushel.
