Please Note That This Sale Is DIFFERENT

from any sale of Bath Towels that you may have seen in the last few years at anywhere near these prices

THERE are 10,000 Towels in this sale. They are Towels meeting the regular high standards of this store. Yet, because we are in a position to give our customers FULL advantage of the present markets—AND A GOOD CONCESSION IN PRICES BESIDES—we are able to offer them so favorably that women who know exceptional values will now buy all they can possibly use.

—If it is not the policy of this store to urge its customers—it endeavors to have what the public wants at right prices—to state the facts simply and clearly—and let the merch-

andise sell itself on its merits. But we could not feel that we had done our full duty toward our customers if we did not impress upon them the importance of this event.

—We feel that if every person who needs towels realizes the opportunity and comes and sees the merchandise, the entire 10,000 ought to go in a very short time.

—For the towels are so excellent that those who come to buy two or three are likely to take a dozen or more.

Consider Well the Prices

—Remember that these are Lipman-Wolfe Towels—that they are exactly as represented—that no comparative prices are ever quoted in our advertising, but that the savings over prices based on the present market are large. **10,000 TOWELS—READY TOMORROW—HOW MANY DO YOU NEED?**
